

SP595 (03-31-0812-10-09)

SECTION 00595 - REINFORCED CONCRETE BOX CULVERTS

(Follow all instructions. If there are no instructions above a subsection, paragraph, sentence, or bullet, then include them in the project but make necessary modifications to only include project specific specifications. Delete specifications that do not apply to the project.)

Comply with Section 00595 of the Standard Specifications modified as follows:

00595.80 Measurement - ~~Add the following to the end of this subsection:~~ Replace the paragraphs that begin "No measurement of quantities..." and "No separate measurement will..." with the following paragraph:

No measurement of quantities will be made for wingwalls and aprons. The estimated quantities of reinforcement and concrete for wingwalls and aprons are ~~as follows~~:

(Fill in the appropriate amount of wingwall and apron reinforcement and concrete. Obtain information from the Bridge Designer.)

	Reinforcement (Pound)	Concrete (Cubic Yard)
<u>Cast-in-Place</u>		
<u>Box Culvert</u>
<u>Wingwalls and Aprons</u>
<u>Precast</u>		
<u>Wingwalls and Aprons only</u>
