

SECTION 00350 - GEOSYNTHETIC INSTALLATION

(Follow all instructions. If there are no instructions above a subsection, paragraph, sentence, or bullet, then include them in the project. The specifications may be modified to include project specific specifications, but all additions, deletions, or modifications must be sent to the ODOT Technical Resource and Senior Specifications Engineer for review and approval.)

(This Section requires U00350 - Subgrade Reinforcement Geogrid when subgrade reinforcement geogrid is required and paid for as a separate pay item.)

Comply with Section 00350 of the Standard Specifications modified as follows:

(Place an "X" next to the appropriate geosynthetic types and under the appropriate level. Delete what does not apply. Delete the level not used.)

00350.10 Materials - Add the following to the end of this subsection:

Provide manufacturer's certifications complying with 02320.10(c) for the following geosynthetic(s):

Geotextile	Certification	
	Level A	Level B
