Beginning at 8 AM on October 2, 2012, the US26 Eastbound off-ramp from the Ross Island Bridge to OR99E Southbound will be closed daily between the hours of 8 AM & 3 PM for removal and installation of drain pipe. The estimated completion date for this work is October 12, 2012.

There is a local detour route for legal size truck combinations only. Motor carriers hauling oversize loads will need to avoid traveling through this area during this time, or use alternate authorized routes. For over-dimension operations, refer to the annual permit for authorized alternate routes.

Motor Carriers need to provide this information to their drivers, by copy of this letter or other means, to assure their awareness of the restriction.
