

**Lloyd Fobi** is a Freight Mobility Planner with the Freight Mobility Unit. His work includes coordinating and overseeing components of the Freight Plan that address the technical needs and infrastructure. He brings to ODOT a profound interest in understanding the needs of the freight community and its demand on Oregon's transportation system. He also serves as ODOT's point of contact for liquefied bulk terminals and natural gas pipelines as they intersect with ODOT right of way.

In 2008, Lloyd earned a Masters' degree in Transportation Engineering from Oregon State University. He is a member of the Institute of Transportation Engineers.
