 COUNT OF CRASHES BY INJURY SEVERITY BY YEAR

Statewide Motor Vehicle Traffic Crashes  
 January 1, 2005 through December 31, 2014

| YEAR  | TOTAL<br>CRASHES | FATAL<br>CRASHES | MAJOR<br>INJURY (A)<br>CRASHES | MODERATE<br>INJURY (B)<br>CRASHES | MINOR<br>INJURY (C)<br>CRASHES | PROPERTY<br>DAMAGE ONLY<br>CRASHES |
|-------|------------------|------------------|--------------------------------|-----------------------------------|--------------------------------|------------------------------------|
| 2005  | 44,881           | 443              | 1,604                          | 8,177                             | 9,666                          | 24,991                             |
| 2006  | 45,219           | 418              | 1,639                          | 7,224                             | 10,995                         | 24,943                             |
| 2007  | 44,343           | 411              | 1,520                          | 6,750                             | 10,351                         | 25,311                             |
| 2008  | 41,816           | 369              | 1,503                          | 5,877                             | 10,661                         | 23,406                             |
| 2009  | 41,271           | 331              | 1,007                          | 5,859                             | 12,187                         | 21,887                             |
| 2010  | 44,093           | 292              | 1,172                          | 6,279                             | 13,428                         | 22,922                             |
| 2011  | 49,052           | 310              | 1,338                          | 7,097                             | 15,452                         | 24,855                             |
| 2012  | 49,797           | 306              | 1,382                          | 7,195                             | 15,878                         | 25,036                             |
| 2013  | 49,495           | 292              | 1,232                          | 6,843                             | 14,900                         | 26,228                             |
| 2014  | 51,245           | 321              | 1,266                          | 7,101                             | 15,841                         | 26,716                             |
| TOTAL | 461,212          | 3,493            | 13,663                         | 68,402                            | 129,359                        | 246,295                            |

*Disclaimer: A higher number of crashes may be reported as of 2011 compared to prior years. This does not reflect an increase in annual crashes. The higher numbers result from a change to an internal departmental process that allows the Crash Analysis and Reporting Unit to add previously unavailable, non-fatal crash reports to the annual data file. Please be aware of this change when comparing pre-2011 crash statistics.*
