Progress of 2015 OFAC Priorities

Oregon Bicycle and Pedestrian Plan

- ✓ OFAC input included during process
- ✓ OFAC received update on final draft and staff available for questions
- ✓ OFAC is a key stakeholder group for review of all modal plans, which tie back to the overarching *Oregon Transportation Plan*

Oregon Transportation Options Plan

- ✓ OFAC Member Michael Montero participated on TAC
- ✓ Not a modal plan but a topic plan that has direct and indirect impacts to freight mobility
- ✓ OFAC received update on final draft

Highway Oversize Load Pinchpoints Project (HOLPP)

- ✓ Key implementation step for strategies identified in Oregon Freight Plan (OFP)
- ✓ OFAC input requested throughout study
- ✓ OFAC and MCTAC are key stakeholder groups engaged in study
- ✓ List to be complete in 2016 and inform FAST and STIP project lists

Freight Highway Bottlenecks List Project

- ✓ Key implementation step for strategies identified in Oregon Freight Plan (OFP)
- ✓ OFAC and TAC are primary stakeholder groups engaged, MCTAC secondary
- ✓ OFAC will be asked to endorse list in Jan 2017
- ✓ Estimated project completion by Early 2017
- ✓ Will inform FAST and STIP project lists

ODOT Research Project on Truck Parking Safety

- ✓ OSU engineering research team led by OFAC member, Sal Hernandez
- ✓ ODOT Staff Becky Knudson and Roseann O'Laughlin are TAC members
- ✓ Project completion expected Fall 2017
- ✓ Will inform project identification, funding and future research

OFAC Sponsored Events

- ✓ Joint meeting with Rogue Valley Area Commission on Transportation (RVACT)
- ✓ Freight Site Visits included: Harry and David, Medford I-5 Viaduct, Ferns Interchange, Combined Transport ConnectOregon project
- ✓ RVACT/OFAC Dinner in Medford
