

TABLE OF CONTENTS

I. How to Use This Document

- A. Document Overview and Technology
- B. Where to Find Things
- C. General Information
- D. In-Depth Information

II. Background: The STIP Development Process

- A. What is the Statewide Transportation Improvement Program (STIP)?
- B. Who Participates in Developing the STIP?
 - 1. Area Commissions on Transportation (ACTs)
 - 2. Oregon Freight Advisory Committee (OFAC)
- C. Where Do the Projects in the STIP Come From and How are They Listed?
- D. Where Does the Funding Come From for Different STIP Projects?
- E. How are the Projects in the STIP Developed?
 - 1. State-Level Transportation Plans
 - 2. Oregon Transportation Management System
 - 3. Metropolitan Area Transportation Plans
 - 4. Non-Metropolitan Area Transportation Plans
 - (a) ODOT Facility Plans
 - (b) Transportation System Plans
 - 5. Federal Land Management and Tribal Area Plans
- F. How Does the STIP Process Work?
 - 1. Summary of the STIP Development Process
 - 2. STIP Development Process and Timeframe
 - 3. STIP Development Process Steps
 - 4. Program Eligibility and Prioritization Criteria

5. Transportation Improvement Plans
6. How to Get Involved

III. STIP Regulatory Framework

- A. Federal Regulations and Policy
 1. Required Elements
 2. Coordination with Metropolitan Planning Organizations, Local Jurisdictions, and Other Agencies
 3. Metropolitan Transportation Planning
- B. State Regulations and Policy
- C. Local/Regional Policy
- D. STIP Approval
- E. Web Site and Resources

IV. STIP Development Process

- A. STIP Goals and Funding Targets
 1. Investment Requests and Preliminary Financial Assumptions
 - (a) Funding Allocations for State Programs
 - (b) Federal Surface Transportation Program (STP) and Transfers
 - (c) Federal Earmark Allocations
 2. OTC Adopts STIP Funding Targets and Program Goals
- B. State-Level Project Development Process
 1. State-Managed Programs - Project Review and Selection
 2. Projects of Statewide Significance
- C. Region Level STIP Development Process
 1. Process Overview
 2. Modernization
 3. Pavement Preservation

4. Operations and Safety
 5. State Managed Competitive Programs and Bucket Programs
 6. Earmarks and Federal Programs
 - D. Coordination with MPO, Local Government, and other Federal and Tribal Agency Transportation Improvement Programs
 1. MPO Transportation Improvement Programs
 2. State Program Coordination Between the ACT and MPO
 3. State Program and MTIP Coordination
 - (a) Large MPO/STIP Coordination
 - (b) Small MPO/STIP Coordination
 - E. Local Government Project Coordination
 1. Local Program Oversight Committee
 - F. Federal Land Management Agency Programs
 1. United States Forest Service, Forest Highway Program
 - (a) Program Description
 - (b) Program Funding and Structure
 - (c) Project Criteria and Selection
 2. Bureau of Land Management
 - (a) Program Description
 - G. Tribal Governments
 - (a) Program Description
 - (b) Program Funding and Structure
 - (c) Project Criteria and Selection
 - H. Website and Resources
- V. ODOT Highway Region STIP Procedures**
- A. Region 1 – Portland/Metro

1. Region Overview
 2. Region 1 STIP Development Process Overview
 3. Project Planning and Development
 4. Region 1 Advisory Process
 5. Modernization (MOD) Program
 6. Management System Programs
 - (a) Pavement Preservation
 - (b) Safety
 7. Operations (OPS) Programs
 - (a) Intelligent Transportation Systems (ITS)
 - (b) Signs, Signals, Illumination (SSI)
 - (c) Slides and Rockfall
 8. Transit Programs
 9. Statewide Competitive Programs and Bucket Programs
 - (a) Bicycle/Pedestrian
 - (b) Transportation Enhancement (TE)
 - (c) Forest Highways
 10. Web Site and Resources
- B. Region 2 – Willamette Valley and North Coast
1. Region Overview
 2. Region 2 STIP Development Process Overview
 3. Region 2 Advisory Process
 4. Modernization (MOD) Program
 5. Allocation Principles
 6. Large Project Prioritization
 7. ACTs/Lane County Project Prioritization

8. Management System Programs
 - (a) Pavement Preservation
 - (b) State Bridge
 - (c) Safety
 - (d) Culvert Replacement
 - (e) Salmon Enhancement
9. Operations (OPS) Programs
 - (a) Intelligent Transportation Systems (ITS)
 - (b) Signs, Signals, Illumination (SSI)
 - (c) Slides and Rockfall
 - (d) Transportation Demand Management (TDM)
10. Transit Programs
11. Statewide Competitive Programs (Bucket Programs)
12. Federal Agency and Tribal Program Coordination
 - (a) Forest Highways
 - (b) Scenic Byways
 - (c) Federal Earmarks
 - (d) Tribal Government Transportation Improvements
13. MPO and Local Government Coordination
14. Web Site and Resources
- C. Region 3 – Southwestern Oregon
 1. Region Overview
 2. Region 3 Advisory Process
 3. Modernization (MOD) Program
 4. Management System Programs
 - (a) Pavement Preservation

- (b) State Bridge
- (c) Safety
- (d) Culvert Replacement
- (e) Salmon Enhancement
- 5. Operations (OPS) Programs
 - (a) Intelligent Transportation Systems (ITS)
 - (b) Signs, Signals, Illumination (SSI)
 - (c) Slides and Rockfall
 - (d) Transportation Demand Management (TDM)
- 6. Transit Programs
- 7. Statewide Competitive Programs (Bucket Programs)
- 8. Federal Agency and Tribal Program Coordination
- 9. MPO and Local Government Coordination
- 10. Web Site and Resources
- D. Region 4 – Central Oregon
 - 1. Region Overview
 - 2. Region 4 STIP Development Process Summary
 - 3. Region 4 Advisory Process
 - 4. Modernization (MOD) Program
 - 5. Management System Programs
 - (a) Pavement Preservation
 - (b) State Bridge
 - (c) Safety
 - (d) Culvert Replacement
 - (e) Salmon Enhancement
 - 6. Operations (OPS) Programs

- (a) Intelligent Transportation Systems (ITS)
- (b) Signs, Signals, Illumination (SSI)
- (c) Slides and Rockfall
- (d) Transportation Demand Management (TDM)
- 7. Transit Programs
- 8. Statewide Competitive Programs (Bucket Programs)
- 9. Federal Agency and Tribal Government Program Coordination
 - (a) Forest Highways
 - (b) Scenic Byways
 - (c) Federal Earmarks
 - (d) Tribal Government Transportation Improvements
- 10. MPO and Local Government Coordination
- 11. Web Site and Resources
- E. Region 5 – Eastern Oregon
 - 1. Region Overview
 - 2. Region 5 Advisory Process
 - 3. Modernization (MOD) Program
 - 4. Management System Programs
 - (a) Pavement Preservation
 - (b) Safety
 - (c) Culvert replacement/Salmon Enhancement
 - (d) State/Local Bridge Preservation
 - 5. Operations (OPS) Programs
 - 6. Statewide Competitive Programs (Bucket Programs)
 - (a) Bicycle/Pedestrian
 - (b) Transportation Enhancement

(c) Public Transit

7. Federal Agency and Tribal Government Program Coordination
8. MPO and Local Government Coordination
9. Preparing the Draft STIP
10. Web Site and Resources

VI. Program Descriptions

1. Bicycle and Pedestrian
2. Highway Bridge Program
3. Congestion Mitigation Air Quality (CMAQ)
4. Fish Passage and Large Culvert
5. Forest Highways
6. Immediate Opportunity Fund
7. Indian Reservation Roads
8. Modernization
9. Operations
10. Pavement Preservation
11. Public Transit
12. Railway-Highway Crossings
13. Safety
14. Scenic Byways
15. Transportation Enhancement
16. Transportation Growth Management

VII. STIP Approval and Adoption Process

- A. The Draft STIP
 1. Draft STIP Fiscal Analysis

2. Preliminary Air Quality Review

3. Public Review Hearings

B. STIP Adoption and Federal Approval

VIII. STIP Amendment Process

A. General Process

B. Administrative STIP Amendments

C. Full STIP Amendments

D. Project Control System and Financial Plan Amendments

1. Full Amendments

2. Administrative Amendments

3. PCS Changes

IX. STIP Development Administrative Procedures

A. STIP Development Administrative Procedures

B. STIP Users' Guide Maintenance Program

X. Appendices

A. Glossary

B. ODOT Facility Plans

C. ACT-MPO Coordination Protocols

D. Policy on the Formation and Operation of Area Commissions on Transportation (ACTs)

E. Regional Modernization Equity Splits, 08-11 STIP

F. STIP Development Process Timeline

G. Web Sites and Resources
