

Accident Investigation for Municipal Employees

1992 NSC Video/VHS Format 18 min

A comprehensive process approach "how to" video covering what, when, where, why, and who aspects of a storage area personal injury accident investigation.

Back Injury Prevention

1996 © The Training Network Video/VHS Format 10 min

This information is relevant for both at work and off the job and stresses how 'everyday' movements can affect the health of your back. Included on the video is: an explanation of the structure of the back and range of motion and information about good posture, exercise, and correct ways to grip and lift.

Back Safety

1990 © Vista, Inc. Video/VHS Format 20 min

This program stresses correct lifting posture, lifting technique, and injury preventing exercises. Most scenes are in industrial settings, but the material shown is applicable to all situations.

Backhoe Safety: Inspection and Walk Around

2006 © Wumbus Corporation Video/VHS Format 12 min

This program covers the pre-start up procedures of an inspection and walk around.

Backhoe/Loader Safety

1997 © Equipment Manufacturer Institute Video/VHS Format 14 min

Tips for safe operation and transport.

Backing Safely

1995 © FLI Learning Systems, Inc. Video/VHS Format 12 min

This video covers safety procedures that can help eliminate backing collisions.

Highlights include:

- Specific steps for safe backing
 - Procedures for backing with a helper
 - Procedures for backing with a trailer
-

Backing, Parking and Intersections

2006 © Wumbus Corporation Video/VHS Format 15 min

This is a good review of practical things you should remember and do whenever you are backing, parking or entering an intersection. It covers commercial as well as standard vehicles. A great driving "refresher" resource.

Backing, Parking and Intersections

2006 © Wumbus Corporation Video/DVD Format 15 min

This is a good review of practical things you should remember and do whenever you are backing, parking or entering an intersection. It covers commercial as well as standard vehicles. A great driving "refresher" resource.

Backing: You Owe It to Yourself

Pennsylvania DOT Video/VHS Format 10 min

Demonstrates good procedures in a garage, a yard, and at work sites to avoid vehicle backing incidents.

Be Smart - Be Sharp - Be Safe

1994 © Blount, Inc. Video/VHS Format 17 min

Safety is the key ingredient to properly operate a chainsaw, as taught in this video.

Bloodborne Pathogens: Exposure Control

1999 © Wumbus Corporation Video/VHS Format 13 min

This tape provides vital information on how to properly respond and report being exposed to bloodborne pathogens.

Brush Chipper Safety

2001 © Morbark, Inc. Video/DVD Format 11 min

Presentation uses the Morbark Brush Chipper but is very useful for any brand of chipper, it highlights proper clothing to be worn and appropriate safety equipment to be used. It includes a list of clothing and accessories not to be worn while operating this machinery. Pre-start up procedures, such as the proper technique to inspect chipper wear, is also included in the video. Chipper operation safety is the next featured section. This section includes tips on starting the machine and feeding brush into the chipper. Finally, the video highlights chipper maintenance and care.

Brush Chipper Safety - Spanish

2001 © Morbark, Inc. Video/DVD Format 11 min

Presentation uses the Morbark Brush Chipper but is very useful for any brand of chipper, it highlights proper clothing to be worn and appropriate safety equipment to be used. It includes a list of clothing and accessories not to be worn while operating this machinery. Pre-start up procedures, such as the proper technique to inspect chipper wear, is also included in the video. Chipper operation safety is the next featured section. Bucket Trucks: Extending Your Safety

2006 © Coastal Video/DVD Format 15 min

Ensure your safety by viewing this DVD on the correct and safe operation of bucket trucks. Disc contains both English and Spanish format, as well as a leader's guide and a customizable PowerPoint presentation. A booklet, test and answer key will be loaned with the disc.

CDL Pre-Trip Inspection: Tractor Trailer Version

1992 © Wumbus Corporation Video/VHS Format 28 min

This video simulates a live action pre-trip inspection test with an examiner, driver and vehicle.

CDL Skills and Road Test: Tractor Trailer Version

1992 © Wumbus Corporation Video/VHS Format 25 min

The tape simulates the test that covers the six basic controls: forward stopping, straight-line backing, alley docking, measured right turn, parallel parking and serpentine backing.

Chain Saw Use and Safety

1992 © National Arborist Association Video/VHS Format 16 min

Good program on safe cutting techniques. Tree falling, limbing, and bucking are shown, as well as work from an aerial bucket while the operator is secured in a tree.

Chainsaw and Common Sense for Pro-Loggers

© Stihl Corp. Video/VHS Format 15 min

A good video for very large tree felling and basic chainsaw safety.

Chainsaw Maintenance and Safety

1993 © Safety Care Video/VHS Format 17 min

This is a very good video that contains solid, basic information on sharpening, different cutting procedures, and safety.

Chainsaw Safety

1984 Omark Video/VHS Format 21 min

Depicts the "how to" and the "how not to" of using the chainsaw. Compares the work habits of two men and shows in graphic detail the consequences of bad work habits.

Chainsaw Use & Safety

1992 © National Arborist Association Video/VHS Format 16 min

Good program on safe cutting techniques. Tree falling, limbing, and bucking are shown, as well as work from an aerial bucket while the operator is secured in a tree.

Chemical Biological Preparedness - The New Threat

2001 © The Training Network Video/VHS Format 20 min

Use this powerful video to ensure that your staff is familiar with essential procedures for preventing, identifying and responding to bio/chemical threats. Potential chemical and biological weapons, including chlorine, phosgene, mustard gas, nerve gas, VX, Sarin, smallpox, anthrax, and botulinum

Indicators of bio/chemical use; signs and symptoms

Chemical Safety

1985 © OSHA, Industrial Training Inc. Video/VHS Format 20 min

Topics include identification and handling health hazards, the Hazard Communication Law, and Material Safety Data Sheets

Clearing the Air: Confined Space Entry

Associated General contractors, Media ProductioVideo/VHS Format 16 min

Discusses the potential dangers of confined space entry and shows how to safely enter confined spaces.

Confined Space Entry: Permit Required!

1993 © Coastal Video/VHS Format 10 min

Explosive gases, toxic conditions, and lack of oxygen mean trouble in a confined space. Review the dangers and learn how to protect yourself

Crane Work Rigging Techniques

1998 © Vista Video/VHS Format 23 min

A portable crane is used to illustrate safe lifting techniques. Hitch types shown are: single leg, basket, and choker.

Cylinder Gas Apparatus Safety I

1979 © Cisco Safety and Media Resources, Inc. Video/VHS Format 28 min

If you want to know about acetylene gas and how to use it, this tape is an excellent resource. Although it's an old video, everything on it is still applicable. It is also a great lead into Cylinder Gas Apparatus II tape.

Cylinder Gas Apparatus Safety II

1989 © Cisco Safety and Media Resources, Inc. Video/VHS Format 45 min

There are safety hazards involved in the use of compressed gases, flammable fuels, and their related apparatus. This is an excellent video addressing both the use of the equipment and the safety issues involved. Includes a non-reprintable booklet to use as a reference while viewing the tape.

D.O.T. Drug and Alcohol Testing: Your Rights and Responsibilities

2001 © Coastal Safety & Environmental Video/VHS Format 20 min

As part of the federal Department of Transportation's Alcohol & Drug Testing Rule, employers must train drivers on the dangers of alcohol and controlled substances and the potential consequences of their misuse.

Day/Night Strategies for Shift Workers

© National Sleep Foundation

Video/VHS Format

11 min

Working odd shifts or ever-changing shifts can affect us in many ways. This video will give you an understanding of how shift changes affect workers and their lives. It provides 20 strategies to cope better with these issues and make for a safer work environment.

Defensive Driving for Government Employees

2003

© Coastal Safety & Environmental

Video/VHS Format

19 min

For government employees, motor vehicle accidents are by far the leading cause of death on the job. This new video program looks at techniques to help prevent accidents from happening, and in the case of unavoidable accidents, help lessen their severity.

Defensive Driving: A Crash Course

1996

© Coastal Safety & Environmental

Video/VHS Format

16 min

Teach your employees how practical driving procedures and exhibiting a defensive attitude make getting behind the wheel safer, both on and off the job. This program reviews basic defensive driving techniques from planning and preparing before pulling out to practical driving procedures in the city, on the freeway and in rural areas.

Defensive Driving: I Could See it Coming

2006

© The Training Network

Video/VHS Format

15 min

This comprehensive defensive driving program discusses the factors that cause accidents and seven strategies for driving safely.

Defensive Driving: I Could See it Coming

2006

© Wumbus

Video/DVD Format

15 min

This comprehensive defensive driving program discusses the factors that cause accidents and seven strategies for driving safely.

Defensive Driving: Prepared for the Worst

1997

© Coastal Safety & Environmental

Video/VHS Format

18 min

Defensive drivers anticipate how to deal with road hazards, poor weather conditions, vehicle collisions and crime. This program shows how to stay in control by being prepared for the worst!

Defensive Driving: When Good Weather Goes Bad...

2008

© Wumbus Corporation

Video/VHS Format

18 min

Covers driving safety tips for all four seasons. Winter covers snow and ice, and other common hazards. Spring covers heavy rains, and hydroplaning as well as high winds. Tips for driving in fog and sun glare conditions are also addressed. It also covers pre-trip vehicle inspections.

Defensive Driving: When Good Weather Goes Bad...

2008 © Wumbus Corporation Video/DVD Format 18 min

Covers driving safety tips for all four seasons. Winter covers snow and ice, and other common hazards. Spring covers heavy rains, and hydroplaning as well as high winds. Tips for driving in fog and sun glare conditions are also addressed. It also covers pre-trip vehicle inspections.

Dig Our Messages Not Our Pipelines

Pacific Coast Gas Association Video/VHS Format 22 min

This video should be shown to every crew that has a backhoe. It really covers the pitfalls of operating a backhoe on all different surfaces and operations.

Disaster Preparedness

2000 © Coastal Training Technologies Corp Video/VHS Format 20 min

This video offers brief introductions to the importance of formal facility/unit emergency action plans, fire drills, and recognizing and dealing with possible package bombs. It is an overview of each rather than a detailed presentation.

Distracted Driving - At What Cost?

2005 Federated Mutual Insurance Company Video/DVD Format 15 min

Distracted driving is an important safety issue. This video raises the awareness of driver distractions and will help educate your employees on the every day risks associated with driving distractions including legal consequences and quality of life.

Distracted Driving - At What Cost?

2005 Federated Mutual Insurance Company Video/VHS Format 15 min

Distracted driving is an important safety issue. This video raises the awareness of driver distractions and will help educate your employees on the every day risks associated with driving distractions including legal consequences and quality of life.

Don't Let Up

1994 © AAA, GMC Video/VHS Format 10 min

An explanation and demonstration of the anti-lock braking system.

Driver Safety- A Lifetime of Learning

2004 © The Training Network Video/VHS Format 14 min

This exceptional video helps increase awareness while driving and teaches techniques and skills drivers can use.

Driving Defensively I

1992 © Safety Shorts Video/VHS Format 5 min

Workers are reminded of dangers in daily driving routines and offers defensive driving principles. Video is older but very pertinent.

Driving Defensively II

1992 © Safety Shorts Video/VHS Format 5 min
Part two, which explains more ways in which we can prevent accidents by driving defensively.

Driving Mountain Roads: Slowing Down

1996 USFS Video/VHS Format 20 min
A program on defensive driving. Forest Service employees give advice on driving unpaved mountain roads. Most of the program shows vehicles in motion.

Driving Safely

1995 © BNA Communication, Inc. Video/VHS Format 19 min
A well presented program on passenger vehicle driving techniques.

Driving Safely in Winter Conditions

2006 © Wumbus Corporation Video/VHS Format 26 min
This DVD addresses the many common hazards, and how to avoid them when driving in bad winter climates.

Driving Safely in Winter Conditions

2006 © Wumbus Corporation Video/DVD Format 26 min
This DVD addresses the many common hazards, and how to avoid them when driving in bad winter climates.

Drug Testing

1994 © The Training Network Video/VHS Format 6 min
Shows how testing works, stressing:
· Confidentiality
· Tamper-proof evidence
· Chain of custody
· Degree of accuracy

Drug Testing Awareness for Supervisors

2003 © The Training Network Video/VHS Format 14 min
The supervisors role in the drug testing process, Who needs to be tested, How to maintain an ongoing drug testing program, detecting and confronting employees using alcohol or drugs on the job

Who needs to be tested

How to maintain an ongoing drug testing program,
Who needs to be tested

How to maintain an ongoing drug testing program

First Aid on the Job-Initial Response

Video/VHS Format 27 min

A program presenting a set of steps to follow in treating an accidental victim prior to arrival of emergency medical personnel. The program will take about an hour if discussion is conducted as recommended in the Facilitator's Manual.

First on the Scene

Chemical Manufacturing Assoc. Video/VHS Format 32 min

This video presents a program for fire fighting units as first responders.

First Responder's Duty

1998 © BNA Communications, Inc. Video/VHS Format 18 min

This program is a series of dramatizations of employees responding at the awareness and operations levels. All scenes are industrial settings.

Forklift Safety - Tape 1 of 2

1997 © Coastal Video Corp. Video/VHS Format 18 min

Forklift Fundamentals - Get the Facts: Forklift design, pre-use inspection, and truck stability

Forklift Safety - Tape 2 of 2

1997 © Coastal Video Corp. Video/VHS Format 19 min

Forklift Operations - Carry the Load

Forklift Safety Series - Tape 1 of 3

© NUS Training Corp. Video/VHS Format 18 min

Forklift Basics:

This tape covers equipment basics; watch along with parts 2 and 3 for a good overall forklift safety introduction or update that is clearly presented. These videos are good preparation for required operator evaluations every 3 years.

Forklift Safety Series - Tape 2 of 3

© NUS Training Corp. Video/VHS Format 12 min

Forklift Safety Checks:

This tape covers pre-operational and operational safety checks. Watch along with parts 2 and 3 for a good overall forklift safety introduction or update that is clearly presented. These videos are good preparation for required operator evaluations every 3 years.

Forklift Safety Series - Tape 3 of 3

© NUS Training Corp.

Video/VHS Format

16 min

Safe Forklift Operation:

This tape covers the basic safe operation of a forklift; watch along with parts 2 and 3 for a good overall forklift safety introduction or update that is clearly presented. These videos are good preparation for required operator evaluations every 3 years.

Forklift Safety Training Program

1999 © Long Island Productions, Inc.

Video/VHS Format

21 min

A quick review of equipment characteristics, operating hazards, and general safety rules.

Getting Out Alive

1995 © BNA - The Idea Bank

Video/VHS Format

18 min

Good program on planning for fire emergencies.

Good Back, Bad Back - It's Your Choice

1997 © Core Media

Video/DVD Format

2 hrs 15 min

Why this Good Back, Bad Back program? This isn't a program about preventing back injuries. There are lots of those around. Instead, this is a comprehensive program to protect backs based on medical information, research, basic physiology, environmental factors, ergonomics, practical activities and strategies for approaching everyday situations. It is divided into 3 "stand alone" 45 minute DVD training sessions with an accompanying workbook.

Hand and Power Tools Fleet Shop

1997 © Long Island Productions, Inc.

Video/VHS Format

16 min

This short program does an excellent job in presenting how to use many air and hand tools with a focus on safety.

Hand Safety: The Irreplaceable Tool

1987 © Safety Care Series

Video/VHS Format

16 min

This program identifies the three important steps in guarding against hand injury: potential hazards, safe work procedures, and correct use of protective personal equipment.

Hand Signals for Construction Equipment

1999 © Vista

Video/VHS Format

10 min

An excellent presentation.

Handling the Heat

1989 © Safety Shorts Video/VHS Format 5 min

A program of reminders about ventilation, liquid consumption, and clothing choice in hot environments. Outdoor and industrial settings are used in this program. A short printed test is available.

Hazards of Hurry, The

© Caterpillar Video/VHS Format 21 min

This program, presented in the interest of safety for all backhoe loader operators, shows typical backhoe accidents caused by the human tendency to "hurry up."

Hazcom: KHAZ Talk Radio

2004 © The Training Network Video/VHS Format 15 min

This video takes a fresh and entertaining approach to convey practical information that every employee should know before working with chemicals:

- Identifying chemicals, reading chemical labels
 - MSDS, including the 16-part ANSI MSDS
 - Proper storage of chemicals, emergency procedures
-

Head Protection

1997 © Long Island Productions, Inc. Video/VHS Format 10 min

Discussion of workplace hazards which require head protection:

- Benefit of bump caps and different classes of hard hats
 - Choosing the right protection
 - Proper maintenance and storage of hard hats
 - Correct fit for hard hats and safety rules for use
-

Heads Up At the Wheel: Home Safe

1996 © National Sleep Foundation & Ford Video/VHS Format 11 min

Excellent program on the danger of driving while drowsy.

Hearing Conservation for At-Risk Workers

2005 Oregon OSHA Video/DVD Format 15 min

This video is produced as part of the Oregon OSHA education program. It provides an excellent overview of the long term impact of continuous site noise exposure, the potential hazards associated with hearing loss and ways to reduce exposure to noise in the work environment.

Hearing Protection: Sounds Good to Me

1998 © Coastal Video/VHS Format 14 min

A good over-all look at hearing protection. Emphasis is on matching the hearing protection device to the level of noise. Individual segments of the program are introduced by the county music performer Charlie Daniels.

Heat Can Kill

1989 © Safety Shorts Video/VHS Format 5 min
Symptoms of, and first aid treatment for, heat exhaustion and heat stroke.
Excavation is the setting for this program. A short printed test is available.

Heat Stress: Staying Healthy, Working Safely

2007 © Wumbus Corporation Video/DVD Format 14 min
This program explains how to protect your body in high temperatures/high humidity environments. It covers ways to stay hydrated, proper clothing, and ways to cool down someone who is suffering from heat exhaustion/heat stroke.

Heat Stress: Staying Healthy, Working Safely

2007 © Wumbus Corporation Video/VHS Format 14 min
This program explains how to protect your body in high temperatures/high humidity environments. It covers ways to stay hydrated, proper clothing, and ways to cool down someone who is suffering from heat exhaustion/heat stroke.

Holiday Safety at the Top of Your List

1994 © Coastal Safety & Environmental Video/VHS Format 17 min
This video was developed to alert employees to holiday hazards in the home.

It Always Happens to the Other Guy

© John Deere Corp. Video/VHS Format 21 min
General safety concerns when using heavy construction equipment: scraper, loader, excavator, backhoe, motor grader, and dozer. A Hollywood stuntman takes dives to illustrate possible accidents.

Ladder Safety

© Wumbus Corporation Video/DVD Format 10 min
This video deals with the safe use of stepladders, straight ladders, platform ladders. Explains 4:1 rule when placing straight ladders, the belt buckle rule, 36" requirement for straight ladders above landings, and more.

Ladder Safety

© Wumbus Corporation Video/VHS Format 10 min
This video deals with the safe use of stepladders, straight ladders, platform ladders. Explains 4:1 rule when placing straight ladders, the belt buckle rule, 36" requirement for straight ladders above landings, and more.

Landscaping Equipment: Safety and Maintenance

1994 © Wumbus Corporation Video/VHS Format 15 min
Watch proper procedures when working with chemicals and hazardous materials. This tape also covers operating mowers, cutters, trimmers and weed eaters.

Landscaping Equipment: Safety and Maintenance

1994 © Wumbus Corporation Video/VHS Format 15 min

Watch proper procedures when working with chemicals and hazardous materials. This tape also covers operating mowers, cutters, trimmers and weed eaters.

Landscaping Equipment: Safety and Maintenance

1994 © Wumbus Corporation Video/DVD Format 15 min

Watch proper procedures when working with chemicals and hazardous materials. This tape also covers operating mowers, cutters, trimmers and weed eaters.

Last Call- Testimonials for the OLCC

2008 ODOT Video/DVD Format 12 min

Servers of alcohol play a vital role in helping to prevent the tragic effects of drunk driving. Shown are three powerful testimonials of victims of drunk drivers, which attest to the importance and responsibility of anyone who serves or sells alcohol, whether in private or public settings. A must see!

Lifting Safely: Cranes, Chains, Slings and Hoists

© Wumbus Corporation Video/VHS Format 12 min

This video stresses the safety awareness that must accompany anyone who works with cranes, chains, slings and hoists and the proper procedures to follow.

Lifting Safely: Cranes, Chains, Slings and Hoists

© Wumbus Corporation Video/DVD Format 12 min

This video stresses the safety awareness that must accompany anyone who works with cranes, chains, slings and hoists and the proper procedures to follow.

Loader - Backhoe Operator Safety

1991 © Gary J. Ober, Equipment Training Resources Video/VHS Format 21 min

This video deals with loader-backhoe safety and is designed specifically for operators. The tape covers the most common mistakes and accidents involving these machines, as well as loading, transporting, utility dangers, and rollover accidents.

Loader and Backhoe Safety #2

1993 © Equipment & Training Resources Video/VHS Format 21 min

A good video for a safety meeting and before starting a loader or backhoe operation.

Lockout/Tagout of Construction Equipment

1998 © Vista Video/VHS Format 18 min

This program illustrates the Lockout/Tagout procedures to be used before servicing equipment.

Low Visibility and Driving

1993 © FLI Learning Systems, Inc., National Safety Council Video/VHS Format 15 min
A program of safe driving techniques applicable when operating almost any type of vehicle.

LP Gas, Know the Facts

1990 FHWA Video/VHS Format 11 min
Characteristics of LP Gas and safe handling procedures.

Meth Lab Waste Recognition

2004 Colorado DOT Video/DVD Format
Shows adopt-a-highway volunteers some of the dangerous things they can find while working on the roadside. Outlines signs of meth lab operation or waste and what to do if waste is found. Not just for adopt-a-highway volunteers but for all highway workers.

Methamphetamine: A Prevention Trilogy

1999 California Dept of Justice Video/DVD Format
Meth: The Great Deceiver - Provides insight into teens and how meth can damage young lives. 17 min

Where Meth Goes: Violence and Destruction Follow - Examines the havoc caused when meth and meth labs gain a foothold in our communities. 18 min

Hidden Dangers: Meth Labs - offers tips on recognizing potential meth labs and what to do when one is present. First responders, utility workers, and others will benefit from this information. 18 min

Modern Technology and Driving

1993 © FLI Learning Systems, Inc., National Safety Council Video/VHS Format 20 min
This program contains good explanations of the functions of air bags, safety belts, ABS, four-wheel drive, and cruise control.

Multiple Choice

Calvin Productions Video/VHS Format 24 min
A great video for a safety meeting, it presents 6 different scenarios of accidents and takes the viewer through how they happened and how they could have been prevented.

Need to Know: Substance Abuse - Executive Briefing, The

© Buckley Productions

Video/VHS Format

42 min

If you or your organization need to know more, watch and listen to Donna Smith, Former Assistant Director of the Department of Transportation, under whose guidance the rules were developed. Dr. Smith answers the most commonly asked questions about alcohol and drug rules. Covers how and why to implement policies and keeping in compliance with the rules

Night Driving Tactics

© Long Island Productions, Inc.

Video/VHS Format

12 min

Night time driving has its own set of requirements. This video covers such topics as how far head lights actually illuminate, the stopping distances at varying speeds, what to do if you break down at night, and others.

On Again, Off Again

2003

© Oklahoma Assoc of Co Commissioners

Video/VHS Format

20 min

A guide to mounting and dismounting heavy equipment.

On Solid Ground - A Plan for Safe Excavation and Trenching

Associated General Contractors & Media Produc

Video/VHS Format

17 min

This is an informative guide to OSHA's new excavation standard. It Covers sloping, shoring, shielding, and benching

On The Road: The Lighter Side of Lifting

1994

© BNA Communications, Inc.

Video/VHS Format

22 min

A fast moving presentation which uses work site and recreational activities to demonstrate good lifting practices.

One Step from Death

1995

© Iowa DOT

Video/VHS Format

11 min

Dramatizations of incidents that have happened in road construction operations. The idea being stressed is the need to be alert at all times.

Oxyacetylene Safety

1980

© TEL-A-TRAIN

Video/VHS Format

25 min

Ten safety steps to follow each time you do oxyacetylene welding, and what can happen when you don't pay attention to those ten steps.

Package Bombs

1995

© Coastal Training Technologies

Video/VHS Format

5 min

How to respond if you receive a suspicious package.

Parking Safely

1995 © FLI Learning Systems, Inc., National Safety Council
Video/VHS Format 15 min
Good program for passenger car operators. Tips on personal safety are included.

Personal Protective Equipment- It's Your Call

2000 © The Training Network Video/VHS Format 10 min
This video effectively combines instruction and a motivating real life story to convey how PPE protects workers and what the consequences are if the recommended PPE is not worn. Required training is covered and the full range of PPE (head, eye, ear, hand, foot) is shown in many job settings.

Pesticide Application Safety

National Parks Service Video/VHS Format 18 min
Demonstrates the proper protective clothing, eye covering, and breathing apparatus to be worn when handling, mixing, and applying pesticides. Presents information on personal hazards and first aid actions in case of exposure.

Preventing Motor Vehicle Collisions: It All Rides on You

2004 © The Training Network Video/VHS Format 20 min
In this graphic video, a veteran EMT and firefighter shares what he has witnessed due to vehicle collisions. The tape illustrates the consequences of the most common driving errors.

Professional Tree Care Safety - Equipment Requirements

National Arborist Association Video/VHS Format 28 min
Safe operating procedures for use of aerial lifts, chippers, stump cutters, tree cranes, power tools, and chainsaws.

Protecting Your Hands

© Long Island Productions, Inc. Video/VHS Format 7 min
Wearing proper PPE is important! Locating and avoiding hand hazards, safety around machinery, PPE, hygiene, and first aid are covered topics.

Protecting Your Health: For People Who Process, Sort & Deliver the Mail

2002 Video/VHS Format 17 min
This 15-minute video was developed for people who work in a variety of settings, from small mail rooms to large processing and distribution centers. The video includes basic information about anthrax, strategies for protecting workers from anthrax exposures, and methods for detecting and responding to a suspicious letter or package.

Ready...Set...Winter

1996 © AAA (GMC) Video/VHS Format 11 min

The videotape consists of three segments:
 1. How to prepare the vehicle for winter driving
 2. What to watch out for while driving
 3. Steps to take if you encounter trouble

Real Life...Safe Driving

1999 © Coastal Training Technologies Video/VHS Format 18 min

This is a very good video on defensive driving. It covers the 3 most important aspects of being a good driver: attitude, action and awareness.

Reasonable Suspicion

2004 © The Training Network Video/VHS Format 20 min

Recognize the signs and symptoms of alcohol and drug abuse, Understand how to initiate the reasonable suspicion process, Effectively complete the required documentation, & how to go about getting employee in a treatment program

Recognizing Drug & Alcohol Abuse

1995 © Coastal Safety & Environmental Video/VHS Format 19 min

Do you know an alcoholic or an illegal drug addict? Chances are good that you do - chances are good that you work with one, too. This important video program will help supervisors and fellow employees recognize alcoholism and illegal drug abuse in the workplace.
 • Physical appearance • Behavior and job performance • Enabling and denial
 • Drug testing

Respiratory Protection: A Breath of Fresh Air

1998 © Coastal Video/VHS Format 18 min

A good overview of the requirements for respiratory mask use, fit, and maintenance.

Rigging and Lifting With Mobile Construction Equipment

1997 © Vista Video/VHS Format 27 min

This program shows safe rigging and lifting practices to use with excavator and backhoe/loader.

Right-of-Way Mowing Safety

1996 © Vista Video/VHS Format 20 min

Part 1: Pre-trip inspection and safety considerations 10 min
 Part 2: Operating procedures 10 min

Right-To-Know Retraining

1993 © The Training Network Video/VHS Format 14 min

Meet the challenge of training professionals on the OSHA Right-to-Know requirements with this thorough presentation. - Purpose and need for labels and containers. - In-depth MSDS format and breakdown. - Employee responsibility and role in the safety process. - Use, mixture and disposal of chemicals.

Road Crew Safety

1998 © Vista Video/VHS Format 23 min

This program is primarily for asphalt paving crews. It is a good reminder of safe working practices. The program, however, should be previewed by a knowledgeable person before showing to all agency personnel, as not all operations being shown may approximate those conducted by the agency. Part of the program is concerned with night paving operations.

Road to Wellness Program 1, The

2008 Oregon DOT Video/DVD Format 12 min

Personal Health: Nutrition, exercise

Road to Wellness Program 2, The

2008 Oregon DOT Video/DVD Format 19 min

Personal Health: Cigarettes, second hand smoke and asthma

Road to Wellness Program 3, The

2008 Oregon DOT Video/DVD Format 13 min

Summer Safety: Getting back to cycling, Water/Boating safety tips, Sun screen information and Driving "blind spot" awareness campaign

Road to Wellness Program 4, The

2008 Oregon DOT Video/DVD Format 20 min

Healthy Holidays: Tips on holiday nutrition, don't drink and drive, Governor's food drive

Road to Wellness Program 5, The

2008 Oregon DOT Video/DVD Format 20 min

Walking Your Way to Wellness: Tips on walking for exercise, signs and symptoms of a heart attack, heart healthy nutrition and "Deskercise"

Road to Wellness Program 6, The

2008 Oregon DOT Video/DVD Format

Identifying stress, effects of stress, stress management techniques and benefits of the Employee Assistance Program

Road to Wellness Program 7, The

2008 Oregon DOT Video/DVD Format 15 min
Covers improving visibility for walkers, bikers and runners, discovering facts about diabetes, flu and cold prevention

Safe Operation of Chainsaws

1993 © Safety Care Video/VHS Format 15 min
Chainsaws are a very useful tool when operated safely. This video will show a chainsaw operator how to safely fuel and start the saw, as well as how to make different cuts such as falling, bucking and limbing. Very informative.

Safe Winter Driving

1995 © Coastal Video Communications Video/VHS Format 17 min
Well presented program featuring passenger vehicle driving.

Safety Committees for the Real World

2007 Oregon OSHA Video/DVD Format
The purpose of a safety committee is to bring workers and managers together to achieve and maintain a safe, healthful workplace. With this DVD, which also has forms, publications and more, you can learn how to start a safety committee that is effective.

What Supervisors Need to Know About the DOT Alcohol & Drug Rules

NSC / Buckley Video Publishing Video/VHS Format 60 min
Alcohol Supplement: 60 Minutes of Required DOT Training - This program meets the 60 minutes of alcohol training required as of January 1, 1995. The first part is an overview of the rules, featuring Dr. Donna Smith, Ph.D. Dr. Smith explains the five prohibited behaviors, the consequences of a positive test, the intention of the new rules and the implementation schedule. Next, five live-action scenes are used to stimulate discussion and awareness about the requirements of the new rules. Finally, Tamara Cagney, BSN, Secretary of the Employee Assistance Professionals Association, explains how just one ounce of alcohol affects performance on the job.

What you Need to Know About the DOT Alcohol & Drug Rules: (Part 2 - Tape 1) Supervisors Kit:

© Buckley Video Publishing Video/VHS Format 30 min
Information:
60 Minutes of Required DOT Training - Supervisors will develop the skills needed by reviewing two VHS videotapes. The "Information" tape focuses on supervisor responsibilities under the DOT regulations. The "Application" tape dramatizes 11 real-life situations that supervisors are likely to encounter while confronting irregular behavior of drivers. To meet the 60 minutes of drug education required under DOT regulations, the trainer can choose the most appropriate action scenes.
