

## Oregon Health Policy Board

### Oregon's Blueprint for Health Reform

#### 1. Introduction

- OHPB vision for health reform in the context of the triple aim:
  - Improving the health of the population;
  - Enhancing the patient experience of care (including quality, access, and reliability); and
  - Reducing, or at least controlling, the per capita cost of care.
- OHPB-recommended strategies that will move Oregon toward the triple aim [including overall timeline for implementation.]

#### 2. The Oregon Health Authority

- Statement of OHA vision, mission, and goals
- Progress in establishing the OHA
- Next steps for the OHA

#### 3. Next Steps to Achieve a Healthy Oregon

##### ***3.1 Improve population health***

- Statement of overall strategy [*This is a placeholder for an OHPB-developed strategy statement. It is drawn from the charter for the State Health Improvement Committee.*] Develop and implement a community-based comprehensive, multi-sector, multi-level action plan to improve population health by decreasing tobacco use and obesity and by preventing, detecting, and managing chronic disease.
- OHPB recommendations for key next steps [Including timeline and recommendations for legislative action]
- Brief discussion of how these recommendations will build on progress to date [Briefly describe activities undertaken during the biennium and measure progress]

### **3.2 Transform health care delivery to improve health outcomes and contain costs**

- Statement of overall strategy: *[This is a placeholder for an OHPB-developed strategy statement. It is drawn from the strategic thinking behind the individual actions recommended by the Oregon Health Fund Board]*
  - Develop the vision for a better functioning system in a collaborative way, drawing on the best evidence for what works;
  - Encourage and support community-based innovation;
  - Develop tools to measure progress toward making the vision a reality at the state and local level;
  - Develop payment and other tools for transformation; and
  - Grow and align public purchasing power to lead the transformation effort and build partnerships with private sector purchasers to enhance the transformation effort.
- OHPB recommendations for key next steps [Including timeline and recommendations for legislative action]
- Brief discussion of how these recommendations will build on progress to date [Briefly describe activities undertaken during the biennium and measure progress]

### **3.3 Expand insurance coverage and access to health care**

- Statement of overall strategy: *[This is a placeholder for an OHPB-developed strategy statement. It is drawn from the recommendations of the Oregon Health Fund Board.]*
  - Expand Medicaid and private insurance subsidy programs in stages, leveraging federal funding where possible; and
  - Begin staged implementation of insurance market reforms culminating in 2015 with a market where no one can be denied health plan coverage, essential health benefits are affordable given their health and financial circumstances, and everyone is responsible to enroll in such a plan.
- OHPB recommendations for key next steps [Including timeline and recommendations for legislative action]
- Brief discussion of how these recommendations will build on progress to date [Briefly describe activities undertaken during the biennium and measure progress]
