

Health Information Technology Oversight Council

Health Information Technology Oversight Council (HITOC) Announces Nomination Process for HIE Strategic Planning Workgroup

To assist the HITOC with the critical decision making involved in developing a strategic and operational plan for Health Information Exchange within Oregon, as required by the Office of the National Coordinator for Health Information Technology Cooperative Agreement (due 7/15/2010), the following structure of the HIE Strategic Planning Workgroup is proposed:

- A workgroup of content experts within the five domains required by the Cooperative Agreement will be formed.
- The expertise included within the workgroup will represent both the public and the private sectors.
- The expertise included within the workgroup will span the content areas of: health information technology; business finance; business law; nonprofit governance; health information privacy and security; consumer interests; and governmental regulation.
- Other content expertise will be requested as needed.
- Members will be asked to have familiarity with the subject of health information exchange and the federal requirements of ONC.
- Members will have demonstrated track records of collaboration in group processes.
- Members should have the ability to quickly reach out to other sources and bring in additional expertise as required.
- The workgroup will meet approximately twice per month between January 11th and May 15th.

Nominations for the HIE Strategic Planning Workgroup will be sought through the HITOC website between December 14-23. The HITOC Chair and Vice Chair will bring a recommended roster for full HITOC approval at the January 7th, 2010 HITOC meeting.

To apply for this workgroup, please fill out the following form and submit to: susan.otter@state.or.us.

If you have questions, contact Carol Robinson, State HIE Coordinator and HITOC Director at carol.robinson@state.or.us.

Please answer the following, using additional sheets as needed:

Please describe your areas of content expertise that would assist in this process:

Please describe other successful collaborative efforts you have been involved in:

In addition to your own areas of content expertise, please describe what other content resources would you be able to quickly incorporate into this effort (relationships with peers, etc.):

Can you commit to 10 – 16 hours per month of participation between January and May, 2010? Some, but not all, of this time would be attending one or two meetings each month. The rest would include reviewing materials, helping with additional research, development of recommendations, or other support as required.
