

Ambulatory Surgery Center (ASC) Form-R Request for Exemptions, Extensions and Waivers

Ambulatory surgical centers may submit requests to the Office for Oregon Health Policy and Research (OHPR) for exemptions, extensions and waivers from the health care facility utilization data submission requirements as authorized under Oregon Revised Statute 442.120 and detailed in Oregon Administrative Rule 409-022-0010 through 409-022-080. These requests must be made in writing and contain the information included on the ASC Form-R. Additional documents should be provided to support the request, if applicable. All requests will be reviewed by OHPR management. Notification will be provided by certified mail and through the preferred method of contact provided in ASC Form-R.

According to OAR 409-022-0080, OHPR may grant **exemptions** for the following:

1. An ambulatory surgical facility exemption.
 - This circumstance might be that an ASC makes no effort to collect from any patient for service.
2. Reportable data element exemption.
 - Each data element exemption request must be made separately.
3. Submission media exemption.
 - This allows variation in the submission media.

According to OAR 409-022-0080, OHPR may grant **extensions** for the following:

1. Submittal schedule extension.
 - An ASC must document that technical or unforeseen difficulty prevents compliance.

According to OAR 409-022-0080, OHPR may grant **waivers** for the following:

1. Submission format waiver.
 - This allows for variation in the submission format. Each request must state an alternative transfer electronic media, its format, and the record layout for the discharge data records. Granting of this waiver is dependent on OHPR's ability to process the submittal media and format with available computer resource.

Requests for exemptions and waivers must be made **60 calendar days prior to submission deadline** and may be granted for a maximum of one calendar year. Requests for extensions must be made **ten working days prior to submission deadline** and may be granted for a maximum of 30 calendar days. Data submission deadlines for 2008 calendar year data are as follows:
