**E OMIP Credit Toward Pre-Existing Limitation Period**

***Not applicable to enrollees in OMIP under the age of 19, portability, and FMIP.***

OMIP will not pay benefits during the first six months of enrollment for coverage of expenses incurred for a pre-existing condition unless we grant you credits. A pre-existing condition is one for which professional medical advice, diagnosis, care, or treatment was recommended or received or a treatment plan was prescribed in the six months prior to your OMIP effective date.

We will grant credits toward the pre-existing limitation period for each month of prior creditable health coverage you or your enrolled dependents had prior to becoming insured by OMIP. ***To receive credits, your application must be received by OMIP no later than 63 days from the termination date of the prior creditable coverage.***

There is **not** a six-month waiting period for qualified Federal HCTC enrollees who have had 90 days of prior creditable coverage without any breaks in coverage greater than 63 days and whose application was received by OMIP within 70 days from the date on the HCTC eligibility certificate.

Creditable coverage means prior substantially equivalent health insurance coverage that reimburses for medical and hospital expenses without regards to a specific medical condition or disease and has comparable, similar benefits and payout amounts to OMIP's health benefit plan.

***OMIP may not credit coverage for benefits and services that your previous health plan did not cover or credit benefits that had not been satisfied during the previous plan's exclusion period except portability.***

- I have credit toward the six-month pre-existing limitation period. ***(Attach a copy of your prior plan's benefit summary with a Certificate of Coverage stating your begin and end dates.)***

The pre-existing limitation period will be waived if you are under the age of 19, applying for portability (with a certificate of creditable coverage) or FMIP. A pre-existing condition is a condition for which medical treatment or diagnosis was rendered during the six-month period immediately preceding the OMIP effective date of coverage.
