

## About the law:

The ICAA bans smoking or vaping indoors where people work, public places and within 10 feet of all entrances, exits, ramps to an entrance or exit, windows that open and air-intake vents.

**NO SMOKING  
OR VAPING**

WITHIN 10 FEET

Under Oregon's Indoor Clean Air Act this business is smoke, aerosol and vapor free (ORS 433.835-870, effective January 1, 2016). Smoking, aerosolizing or vaporizing of inhalants is not allowed within 10 feet of building entrances, exits, windows, accessibility ramps and air intake vents.

# Oregon's Indoor Clean Air Act (ICAA)

## Outdoor smoking areas and compliance

A recent survey of Oregon adults showed 83% agree that people should be protected from secondhand smoke outside. For businesses that choose to allow outdoor smoking or vaping, the smoking or vaping areas must not be enclosed.

## What is an “enclosed area”?

According to the ICAA, OAR 333-015-0030(8) and OAR 333-015-0030(30):

“Enclosed area” means all space between a floor and a ceiling enclosed on two or more sides by permanent or temporary walls or windows, exclusive of doors, passageways or gaps. If no ceiling is present, “enclosed area” means all space included on three or more sides by permanent or temporary walls or windows, exclusive of doors, passageways or gaps.

“Wall” means any architectural partition, permanent or temporary, with a height and length greater than its thickness, used to divide or enclose an area or to support another structure. Walls include, but are not limited to, partitions constructed of plastic, mesh or other screening materials, slats, louvered blinds, fabric, blankets, and partitions with latticing or other open framework.

**The illustrations below show examples of an outdoor enclosed area:**

*Enclosed despite the gap*

*Two sides and a ceiling*

*Three sides and no ceiling*

*Two or more sides*

## Businesses can comply with the law by:

- Not allowing smoking or vaping within 10 feet of doors, windows and vents of any indoor workplace or public place.
- Posting signs that say “no smoking or vaping within 10 feet” at all building entrances and exits.
- Marking all outdoor tables, seating or dining areas within 10 feet of doors, windows and vents as non-smoking and non-vaping.
- Removing ashtrays and other containers for smoking and inhalant delivery system (debris, e-liquid bottles, packaging) from outdoor locations within 10 feet of doors, windows and vents.
