Children's Mental Health Treatment Agencies

You can call any of these agencies to make an appointment for routine services. Please contact the provider office directly for information about office hours.

If you need help choosing an agency: You can call our Member Information phone number. It is 503-315-0719 if you are in Salem or 1-888-315-6822 if you are outside of Salem.

Please have your DHS Medical Care ID with you when you call. The treatment agency will use the information on the ID to check your OHP eligibility. You will be asked for the name of the city or county where you live. This is so we can find an agency whose office is close to you. We may also ask for basic information about the situation. We may ask for the person's age or whether they speak a language other than English. We may ask if the person has been to any of our agencies in the past. This information will help us decide which agency may best meet the person's needs.
