JUNE 21-22, 2012: HEALING THE WOUNDS: ADULT CHILDREN OF CHEMICALLY DEPENDENT PARENTS. This experiential training identifies patterns and beliefs that may develop in children reared in chemically dependent homes, survival issues related to the beliefs and patterns, how they may impede CD treatment, and how to help clients begin to alter those patterns and beliefs in healthy ways. The focus will continue to return to strengths that have developed specifically related to up-bringing.
