## Umatilla County Problem Gambling Prevention

**Percent of Youth Who Gambled in the Past Year**  
8th grade

*Data Source: Oregon Healthy Teens Survey*

**Percent of Youth Who Gambled in the Past Year**  
11th grade

*Data Source: Oregon Healthy Teens Survey*

Youth who gamble are much more likely to be involved in other risky behaviors.

Gambling is not a harmless alternative activity for youth.

Gambling should be included in discussions of healthy choices and risky behaviors at school, in the community and at home.

Statewide youth gambling data shows a significant correlation between youth gambling and engaging in other risk behaviors such as drinking:

**Percent who binge drank in the last 30 days, grade 11**
