

Prior to the April 1, 2009 Prioritized List of Health Services, a notation of "99xxx" was used to indicate a standard set of medical therapy codes appearing on over 500 lines of the list. Were this notation still in use to describe placement of this set of medical therapy codes on the April 1, 2009 list, it would include the CPT-4 and HCPCS codes appearing in Table 1, which are located on the lines of the list included in Table 2.
