

## Errata

The following errata apply to the March 11, 2009 Notification Letter to Senator Courtney on the April 1, 2009 Interim Modifications to the Prioritized List of Health Services:

1. Attachment A

- Include the addition of HCPCS code G0235, PET imaging, any site, not otherwise specified, to Lines 208, 209, 221, 276, 291, 311 and 337.

2. Attachment G

- Replace "21040" with "21041", as 21040 remains a valid code and 21041 is no longer valid.
- Replace "S0275, S0276, S0277" with "S2075, S2076, S2077" to correct a typographical error. S2075-S2077 are invalid codes as of 12/31/08 and S0275-S0277 were not valid codes to begin with.
