

ERRATA FOR SEPTEMBER 3, 2008 NOTICE OF INTERIM MODIFICATIONS TO PRIORITIZED LIST
EFFECTIVE OCTOBER 1, 2008

The following errata apply to the September 3, 2008 Notice of Interim Modifications to the Prioritized List of Health Services (effective October 1, 2008):

1. CPT code 90779 (UNLISTED THERAPEUTIC, PROPHYLACTIC OR DIAGNOSTIC INTRAVENOUS OR INTRA-ARTERIAL INJECTION OR INFUSION) was mistakenly indicated for addition to Line 33 (TYPE II DIABETES MELLITUS). The correct code, HCPCS code S2083 (ADJUSTMENT OF GASTRIC BAND DIAMETER VIA SUBCUTANEOUS PORT BY INJECTION OR ASPIRATION OF SALINE), appears on Line 33 as of October 1, 2008.
2. HCPCS code J3490 (UNCLASSIFIED DRUGS) was mistakenly indicated for addition to Line 672 (ENDOCRINE AND METABOLIC CONDITIONS WITH NO OR MINIMALLY EFFECTIVE TREATMENTS OR NO TREATMENT NECESSARY). As a result, the presence of this code on Line 672 was also included in Guideline Note 67. The following is the revised wording of Guideline Note 67, as it appears in the October 1, 2008 Prioritized List of Health Services:

GUIDELINE NOTE 67, ENZYME REPLACEMENT THERAPY

Line 672

Enzyme replacement therapy for Hunter's syndrome is included on this line.

The Health Services Commission will be conducting a review of HCPCS "J-Codes" (DRUGS ADMINISTERED OTHER THAN ORAL METHOD) in the future to determine their desired presence on the Prioritized List.
