June 2010

To Whom It May Concern:

The Oregon Medical Board has recently implemented a new internal database. The new database has altered the information available on our Online License Verification website. Our Online License Verification website is real time and provides more information than in the past, but it has not been designed to be able to display a future status for a license.

The Board is in the process of renewing all Acupuncturists that expire June 30, 2010. Many are already renewed but the Online License Verification website is not able to display the information for a license that will begin on July 1, 2010 until that date.

To assist those who need to verify the practice status of our renewing licensees, we've put a list on our website of the [Acupuncturists who have renewed their licenses](#).

We apologize for any inconvenience. Thank you for your patience with us during this time of transition.

Kathleen Haley, JD
Executive Director
