Professional and technical personnel, consultants, and other skilled and unskilled laborers may furnish volunteer services. Each hour of volunteered service may be counted as matching share if the service is an integral and necessary part of an approved project. Records of in-kind contributions of personnel shall include time sheets containing the signature of the person whose time is contributed, and of the supervisor verifying that the record is accurate.

Rates for volunteers should be consistent with those regular rates paid for similar work in similar activities within the State. In cases where the kinds of skills required for the project are not found in other activities by the grantee, rates used should be consistent with those paid for similar work in the labor market in which the grantee competes for the kind of services involved. The time that a person donates will be valued as a general laborer unless the person is professionally skilled in the work being performed on the project, e.g. a mason doing work on a retaining wall. When this is the case, the wage rate this individual is normally paid for performing this service may be charged to the project. The rate cannot exceed prevailing wage charges determined by the Department of Labor. A list can be found at: <http://www.access.gpo.gov/davisbacon/OR.html>

Volunteer labor is limited to the volunteer hourly rate provided by the Points of Light Foundation. In Oregon, Volunteer Works in Portland is a member of the Points of Light Foundation. Their telephone number is 503-413-7787 and their web address is <http://www.independentsector.org/> They may be contacted for the most current hourly volunteer rate. **On March 17, 2011, Independent Sector announced that the estimate for the value of a volunteer hour has reached \$21.36.**

Volunteer labor may be used as match only and is never a reimbursable item.
