Q:HELLO1

T:

Hello. (This is/I am/My name is) ____ calling from the (University of Oregon/Oregon Survey Research Laboratory) to help the state of Oregon develop a statewide trails plan. We are listening to the views of people involved in recreational activities like hiking, paddling, snowmobiling, or riding ATVs in Oregon. We have 3 questions to ask to find the right person in your household.

Q:HELLO1B

T:

May I please speak to the adult [age 18 or older] in your household most involved in walking for pleasure, jogging, bicycling, hiking, or riding horses on recreational trails in Oregon in the last year?

[I want to assure you that I am not selling anything, and that this study is completely anonymous and voluntary.]

PROBE: For the purposes of this survey, a trail is a designated on-land recreation pathway used by either motorized or non-motorized trail users, or a water corridor along rivers, streams, lakes or the ocean with public access. Recreation trails do not include bikeways [incorporated into the design of] sidewalks, city streets and rural highways, or logging roads on federal [U S Forest Service or BLM] lands.

NOTE: If there is more than one person of the selected type,
pick the available person who engages in these activities the most.
If an available person is eligible, select that person to avoid the need
for callbacks.
