Adopted: June 12, 2008

The Oregon State Board of Nursing (OSBN) is authorized by Oregon Revised Statutes Chapter 678 to exercise general supervision over the practice of nursing in Oregon to include regulation of nursing licensure, education and practice in order to assure that the citizens of Oregon receive safe and effective care.

The OSBN further interprets statute and rule and issues opinions in the form of Board Policies, Policy Guidelines and Position Statements. Although they do not have the force and effect of law, these opinions are advisory in nature and issued as guidelines for safe nursing practice.
