A Newsletter for Contractors

Greetings Boating Facility Contractors!

Summer is here and for us that means a new biennium and new projects to get out the door and under construction. We received quite a few applications with the Board approving 39 grants at it's June 18, 2009 meeting in Astoria. The projects are geographically scattered throughout the state with twelve in the coastal locations, ten in the Willamette River basin followed by the Columbia River with 5 and central and southern Oregon 5 and eastern Oregon with 4. Sixteen of the projects will be built on rivers, sixteen on lakes or reservoirs, and six on coastal bays. Altogether, the Board approved very diverse projects both in scope and location. The table on page 2 shows where the projects are and who the contact person is.

Some other important news from the board meeting relates to the board itself. Trey Carskadon of Portland was elected to serve as chair of the Board for the upcoming year. Deborah McQueen of Scappoose was elected as Vice Chair. George Tinker of Coos Bay continues to serve and Rick Allen from Madras was reappointed by the Governor to a second term. Long time Board member Bob Montgomery, from Cascade Locks, has fulfilled his final term and is looking forward to full-time retirement. To fill Bob's vacant position, the Governor nominated Brian Carroll, of Albany to serve on the Board. He was confirmed by the Senate and begins his service at the next Board meeting. The next Board meeting is scheduled to meet in Bend October 13th. If you would like more information about this meeting, go to www.boatoregon.com and click on "Board Meetings" on the left side of our main page.

On the left is Detroit Lake in Marion County. The Low Water Ramp was completed this last fall/winter.

On the right is Wolf Creek Reservoir in Union County. A new ramp and boarding floats for this popular boating site.

Keeping in Touch

In order for us to keep you the contractor informed it is important that you keep us informed. If your mailing address, e-mail address or phone number changes or even your company name, please give Jennifer Peterson a call 503-378-2727 or e-mail Jennifer.peterson@state.or.us. There is also an online form that can be filled out and submit Go to www.boatoregon.com click on "Boating Facilities" and then "Facilities Contact Sheet". In the comment section include what sort of marine construction your company specializes in.

Whats Inside
