The Oregon Drug Evaluation Classification (DEC) Program has received national acclaim for its success in identifying the drug-impaired driver. Officers trained as Drug Recognition Experts (DREs) are frequently called upon to differentiate between drug influence and medical and/or mental disorders. The certified DRE is an extremely valuable tool in combating the adverse impact of drug and alcohol impaired driving in our communities.

DRE School is extremely demanding. To receive certification as a DRE, two phases of training must be completed. The following summarizes each phase:

ACADEMIC TRAINING: This phase is typically conducted over nine days (72 hours). It includes courses in physiology, vital signs, standardized field sobriety testing (SFST), and extensive material on each of the seven categories of the drugs of abuse. The training includes three written examinations, as SFST proficiency examination and five written quizzes. Students must achieve a minimum of 80% on the three examinations, and must demonstrate proficiency in administering SFST's in order to progress to the certification phase.

CERTIFICATION PHASE: After successfully completing the academic portion, the students must complete the certification phase. It is the student's responsibility to complete the certification requirements within six months following the DRE School. These requirements include: conducting a minimum of 12 drug influence evaluations while under the supervision of a DRE instructor; identifying subjects under the influence of four of the seven drug categories; and attaining a 75% toxicological confirmation rate. In addition, the student must maintain a progress log, rolling log and submit a written resume. Finally, the student must pass a comprehensive final knowledge examination, and obtain the written endorsement of two certified DRE instructors.

The International Association of Chiefs of Police (IACP) is the regulating and certifying body for the DEC Program. Certification is valid for two years. In order to maintain certification, DRE's must conduct a minimum of four evaluations every two years, submit an updated rolling log, and updated resume, and attend 8-hours of re-certification training.

To be considered for DRE training, the applicant must meet the following required criteria:

- Must have a minimum of two years of law enforcement service.
- Must be off probation with your agency.
- Must be working in patrol with your agency.
- Must be SFST, D.I.D. (Drugs That Impair Driving) and intoxilyzer certified.
- Must have a reasonable background and experience level of making DUII arrests.
- Must have a written endorsement/recommendation from your local prosecutor.
- Must submit a minimum of two actual DUII arrest reports for review.

To assist in the selection of quality personnel for the Oregon DEC Program, please complete the following information:
