HOW TO PREPARE FOR A FIRE.

1

HAVE A SMOKE ALARM.

2

Make sure your smoke alarm works by testing it regularly and replacing batteries as needed.

3

Create a fire escape plan with a designated meeting place outside.

A SMOKE ALARM THAT DOESN'T WORK, DOESN'T WORK.

In a recent door-to-door smoke alarm campaign in Oregon, nearly 35% of homes had smoke alarms that didn't work, creating a false sense of security that can be deadly. To learn

more about the installation and maintenance of smoke alarms, contact your local fire agency or visit the Office of State Fire Marshal's website at
