### **Veterinary License Examinations**

"North American Veterinary Licensing Examination (NAVLE)": The National Board of Veterinary Medical Examiners (NBVME) provides this examination to test a candidate's qualification for entry-level clinical practice and comprehensive veterinary knowledge. Effective November 2000, the NAVLE replaces the National Board Examination (NBE) and Clinical Competency Test (CCT).

(1) NBVME is the sole provider of the NAVLE. The NBVME will report the scores of NAVLE to the Board.

(2) The passing score for NAVLE shall be 425. If the National Board Examination (NBE) and/or Clinical Competency (CCT) were taken December 1992, or later, the candidate must receive a passing score according to the criterion-referenced scoring method implemented by the Professional Exam Service in December 1992.

### **Student Interns**

(1) Any person wishing to work in Oregon as a student intern may do so if he or she is engaged in a student intern program administered by a veterinary college or university, or a veterinary technology program, approved by the Board or the American Veterinary Medical Association.

(2) Supervision of student interns. All acts which a student intern may perform must be under the direct supervision of a licensed veterinarian. "Direct supervision" means that each act shall be performed by the student intern only after receiving specific directions from and in the presence of an Oregon licensed veterinarian. Certified Veterinary Technician student interns may work under direct supervision of a licensed veterinarian or Certified Veterinary Technician.

(3) Veterinary student interns may perform the following acts:

(a) Obtaining and Recording Information. Student interns may obtain and record the following information:

(A) Complete admission records, including recording the statements made by the client concerning the patient's problems and history. Student interns may also record their own observations of the patient. However, student interns cannot state or record their opinion concerning diagnosis of the patient;

(B) Maintain daily progress records, surgery logs, X-ray logs, Drug Enforcement Agency logs, and all other routine records as directed by the supervising veterinarian.

(b) Perform surgery, if relevant coursework has been successfully completed, and if determined by the supervising veterinarian to be competent in basic surgical techniques;

(c) Preparation of patients, instruments, equipment, and medicants for surgery. Student interns may:

(A) Prepare and sterilize surgical packs;

(B) Clip, surgically scrub, and disinfect the surgical site in preparation for surgery;

(C) Administer preanesthetic drugs as prescribed by the supervising veterinarian;

(D) Position the patient for anesthesia;

(E) Administer anesthesia as prescribed by the supervising veterinarian;

(F) Operate anesthetic machines, oxygen equipment, and monitoring equipment.

(d) Collection of specimens and performance of laboratory procedures. Preceptees and Student Interns may:

(A) Collect urine, feces, sputum, and all other excretions for laboratory analysis;

(B) Collect blood samples for laboratory;

(C) Collect skin scrapings;

(D) Perform routine laboratory procedures including urinalysis, fecal analyses, hematological, and serological examinations.

(e) Assisting the veterinarian in diagnostic medical and surgical procedures. Student interns may assist supervising veterinarians in the following diagnostic, medical, and surgical proceedings:

(A) Take the patient's temperature, pulse and respiration;

(B) Medically bathe the patient;

(C) Administer topical, oral, hypodermic, and intravenous medication as directed by the supervising veterinarian;

(D) Operate diagnostic imaging equipment;

(E) Perform dental prophylaxis, including operating ultrasonic dental instruments.

(f) Student interns may perform other acts not specifically enumerated herein under the supervision of a veterinarian licensed to practice veterinary medicine in the State of Oregon.

(4) Certified Veterinary Technician student interns may perform all the acts enumerated in OAR 875-030-0040(2) and may not perform the acts prohibited in 875-030-0050.

### **Supervision of Interns**

An intern license is issued for the purpose of providing a supervised internship to veterinarians who have less than one (1) year experience following graduation from a veterinary school or college as defined in OAR 875-005-0005(8).

(1) "Supervision," as used in ORS 686.085, requires an Oregon licensed veterinarian to provide supervision of the Intern as follows:

(a) Direct supervision of the Intern for each and every procedure until such time as the supervising veterinarian reasonably concludes that the Intern has sufficient training and experience to competently conduct a particular procedure, or class of procedures, independently;

(b) The supervising veterinarian shall document and make available to the Board, if requested, the documentation used in making the decision to allow the Intern to work independently.

(c) The supervising veterinarian need not continue to directly supervise that procedure or class of procedures, upon the supervisor's determination that competency has been achieved by the Intern; however, the supervising veterinarian shall continue to reasonably monitor the results thereof;

(d) The supervising veterinarian shall continue to directly supervise all procedures for which the supervisor has not yet made a competency determination.

(2) However, in no event may the supervising veterinarian:

(a) Be absent from the veterinary clinic for more than 14 consecutive days, or more than 21 total days, in a six month period, exclusive of weekends;

(b) Conduct the supervision from a separate clinic.

(3) The supervising veterinarian shall notify the Board within 15 calendar days if an intern is no longer under that veterinarian's supervision.

### **Continuing Education Requirements (CE)**

(1) All active licensees, including veterinarians and certified veterinary technicians, must comply with the CE provided in this rule in order to renew their licenses.

(2) Licensees wishing to renew their license must complete the minimum required number of CE hours every two years. Veterinarians shall report 30 hours of CE to the Board with license renewals for every odd-numbered year. Certified veterinary technicians shall report 15 hours of CE to the Board for every even-numbered year. The required hours may be obtained online and be satisfied with any combination of the following continuing education activities:

(a) Attendance at scientific workshops or seminars approved by the Board or by the American Association of Veterinary Boards Registry of Approved Continuing Education (RACE).

(b) A maximum of four hours for veterinarians or two hours for certified veterinary technicians reading approved scientific journals. One subscription to an approved journal is equal to one hour of credit.

(c) A maximum of six hours for veterinarians or three hours for certified veterinary technicians of workshops or seminars on non-scientific subjects relating to the practice of veterinary medicine such as communication skills, practice management, stress management, or chemical impairment.

(3) Workshops, seminars, and prepared materials on scientific and non-scientific subjects relating to veterinary medicine sponsored by the following organizations are approved:

(a) American Veterinary Medical Association (AVMA) and Canadian Veterinary Medical Association (CVMA);

(b) Specialty and allied groups of the American Veterinary Medical Association and Canadian Veterinary Medical Association;

(c) Regional meetings such as the Inter-Mountain Veterinary Medical Association, Central Veterinary Conference, and Western Veterinary Conference;

(d) Any state or province veterinary medical association;

(e) Any local or regional veterinary medical association;

(f) The American Animal Hospital Association;

(g) American and Canadian Veterinary Schools accredited by the American Veterinary Medical Association;

(h) All federal, state or regional veterinary medical academies or centers;

(k) Other programs receiving prior approval by the Board;

(l) The Board may approve other sponsors for lectures or prepared materials upon written request by the attending veterinarian or the sponsor.

(4) Scientific journals and publications relating to veterinary medicine are approved by the Board to satisfy a maximum of four hours of non-lecture CE activities.

(5) Study in a graduate resident program at an AVMA-approved veterinary school will satisfy the CE requirements for the year in which the veterinarian is enrolled in such program.

(6) Postgraduate coursework in veterinary science or veterinary public health at an AVMA- or Board-approved educational institution will satisfy CE requirements on a semester or credit hour basis for the reporting period in which the coursework occurs.

(7) Reporting CE credits.

(a) At the time of making application for license renewal in years when CE reporting is required, the veterinarian shall certify on the application form that 30 hours of CE, and the veterinary technician shall certify on the application form that 15 hours of CE, as set forth in this rule have been satisfied. Proof of participation in such CE programs must be kept by the licensee for a period of at least two years, and the licensee must permit the Board to inspect CE records. Failure to keep or provide these records to the Board shall constitute grounds for non-renewal of the license, or, if the license has been issued for that year, for revocation of the license;

(b) Proof of compliance with the CE requirement of this rule may be supplied through registration forms at lectures, certificates issued by the sponsors of lectures, subscriptions to journals, and other documentation approved by the Board.

(8) The Board may approve CE programs presented by non-veterinarians, if program content is pertinent or complementary to veterinary medicine.
