

Implementation FIP Monitoring

- Multiple phases during this and coming biennia
- Current request focuses on first two phases

Implementation FIP Monitoring

Phase I

- Development of Progress Monitoring Framework – Provides common and consistent basis for understanding ecological and programmatic impacts
- Assessment of current monitoring planned by each Implementation FIP

Implementation FIP Monitoring

Phase II – Development of Monitoring Plans

- Gaps between current monitoring and Progress Monitoring Framework
- Uniqueness of each FIP accounted for
- Preparation for future, complementary monitoring and subsequent progress reporting
