This policy establishes a referral process for facility youth to use tattoo removal services located in an OYA facility.

II. POLICY DEFINITIONS:

None.

III. POLICY:

The OYA strives to protect the public by ensuring youth accountability and promoting change through reformation and treatment while providing a safe environment. Youth with antisocial tattoos may be hindered from achieving reformation goals. Public perception of antisocial tattoos may impede youth from associating with positive peer groups, limit opportunities for employment, or delay disassociation from previous antisocial/criminal behavior.

Tattoo removal services are available to eligible youth to assist them in achieving reformation goals and promote positive social change. These services are performed by volunteer physicians using an aesthetic laser.

IV. GENERAL STANDARDS:

- A. The Office of Inclusion and Intercultural Relations will oversee youth tattoo removal services.
- B. The Office of Inclusion and Intercultural Relations will designate a Tattoo Removal Coordinator who will coordinate tattoo removal services.
- C. The facility clinic where the tattoo removal services are performed will:
 - 1. Ensure volunteer physicians are certified to perform tattoo removal services;
 - 2. Ensure an area to perform tattoo removal services is identified;

 - 4. Prepare youth for laser procedure; and
 - 5. Provide youth post-laser medical treatment.

 - a) Successful participation in rehabilitative activity as reported by a case manager. Such activity includes participation in any OYA approved treatment program.
 - b) An understanding of how the youth's tattoo(s) may sustain involvement in antisocial and criminal groups or activity, and how tattoo removal will affect the youth's life.
 - c) A signed statement of intent to disassociate from antisocial and criminal culture.

- F. Youth transportation for tattoo removal services from one facility to another will be in accordance with OYA policy II-A-3.1 (Youth Transports).
- G. While in the OYA facility where tattoo removal services are available, youth transported for tattoo removal will have no contact with youth regularly housed at the facility and will be supervised by designated staff.
