Introduction

This document contains statewide and county specific reports describing admissions to and releases from juvenile detention facilities. There are three reports for each county and statewide for each year. The reports are:

Detention Admissions Reason by Demographics

- A unique count of admissions to a detention facility during the year, by the reason the youth was admitted to the facility and demographic characteristic (sex, age, and race/ethnicity) of the youth being admitted.

Detention Length of Stay by Demographics

- For each detention release during the year, the length of time spent in the facility (length of stay) by demographic characteristic (sex, age, and race/ethnicity) of the youth. (Note: The associated "admission" may have occurred in a prior reporting year.)

Detention Length of Stay by Admission Reason

- For each detention release during the year, the number of days the youth spent in the facility (length of stay) by the reason the youth was admitted to the facility. (Note: The associated "admission" may have occurred in a prior reporting year.)

Each report divides Admission Reasons and Length of Stay into Pre-Adjudicatory, Post Adjudicatory, and Warrant and Other. Percentages, sub-totals and grand-totals are provided for each category.

Notes about the information

Admissions: An Admission is an entry into a detention facility during the reporting year. It is possible for one youth to have more than one admission in the reporting year.

Length of Stay: Length of Stay is computed by subtracting the admission date from the release date. If a youth is admitted and released on the same day, the Length of Stay is one day. Length of Stay is only computed for youth who have been released from a detention facility. The Admission may have occurred in a prior reporting year.

Comparing the three reports: It is not possible to compare the Admission reports to the Length of Stay reports. Admission reports are based on Admissions during the reporting year. Length of Stay reports are based on Releases during the year. Youth on the Length of Stay reports may have been admitted in a prior reporting year.

Reporting Year: The calendar year is used for the reporting period.

County: Youth are reported in the county that had jurisdiction over the youth at the time the report was produced.

Race and Ethnicity: The JJIS Steering Committee defined Race/Ethnicity reporting categories based on best practices and available data. Race and ethnicity may be as recorded by the juvenile department based on police reports and youths' self-reporting. These reports categorize youth by the race that is recorded in JJIS unless the recorded ethnicity is Hispanic. When the recorded ethnicity is Hispanic, the youth is categorized as

Hispanic, regardless of recorded race. There are several efforts underway in the state to standardize reporting of race and ethnicity. The categories of Race/Ethnicity used in this report may change in the future when state standards are defined.

Note: Many county juvenile detention facilities operate Detention Based Youth Care Centers within their detention facilities. Admission statistics for Detention Based Youth Care Centers are not included with these reports.
