2016 Symposium – Friday, September 16, 2016

A list of potential topics and speakers were presented to the Committee. At least 8 topics and a keynote need to be determined. Each track would have 4 topics and the keynote would occur during the lunch hour. The topics listed were briefly mentioned during the February ERC meeting and during the May Board meeting.

After discussing the list, topics were divided into two tracks. The members also suggested potential speakers for staff to contact and noted contacts they could reach out to as well. Mr. Aldridge has a contact for the keynote topic that may be able to assist.

Staff was also directed to reach out to Janine Castro with the Portland State University River Restoration Certificate program to consider managing a booth.

The meeting adjourned at 10:30 a.m.
