## Retention Indicator: Terms and Explanations

*Summary statistics compiled from the unemployment insurance (UI) wage files and PRISM database on continuous employment approximately one year after completing services. **Participants are not required to have a goal of employment to be included in this report.***

**Total Exited & Placed:** The total number of participants who received services and exited the program and who went to work in the quarter of exit or the first quarter after exit.

**Total Retained:** The total number of participants with four continuous quarters of hours of work reported in the UI wage records.

**Retention Rate:** The percent of participants who have been employed in four continuous quarters after the quarter of exit.

**Calculation Retention Rate:** Total Retained divided by Total Exited & Placed.

**WRIS:** Reports produced with a service completed date on or after July 1, 2005 include out-of-state wage data. These data are limited to by agreement for individuals served by Title 1B and the Employment Department. Out-of-state wage data are supplied by the states through the Wage Record Interchange System (WRIS). This clearinghouse for wage data allows states to track employment history of individuals who have participated in state workforce investment programs and subsequently left the state.
