SUBJECT: PACIFIC POWER & LIGHT: (Advice No. 08-008) Modifies Schedule 97 Intervenor Funding Adjustment by removing Schedules 41, 741, and 33.

STAFF RECOMMENDATION:

I recommend that Pacific Power & Light's Advice No. 08-008 be approved and the revised Schedule 97 take effect on June 1, 2008.

DISCUSSION:

The purpose of this filing is to remove Schedules 41, 741, and 33 from Schedule 97. Schedule 97 is an adjustment schedule used for amortizing, over an approximate one year period, deferred funding payments made by Pacific Power & Light (PPL or Company) to organizations that represent a broad class of customers in a rate proceeding.

In Advice 07-710, Schedules 41, 741, and 33 were added to Schedule 97 for the purpose of collecting from customers the deferred intervenor funding grant paid to the Klamath Water Users Association (KWUA). The Company estimates that the balance for these schedules will be fully collected by June 1, 2008. Any under or over collection of the KWUA deferral balance will be transferred to the Miscellaneous Deferred Accounts balancing account.
