**PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: May 19, 2009**

REGULAR _____ CONSENT X EFFECTIVE DATE May 30, 2009

DATE: May 11, 2009

TO: Public Utility Commission

FROM: Renee Sloan

THROUGH: Lee Sparling, Marc Hellman, and Michael Dougherty

SUBJECT: CLINE BUTTE UTILITY COMPANY: (Advice No. 09-14) Makes housekeeping changes to Schedule No. 7, Cross Connection Control Program & Backflow Prevention Device Services Fees.

STAFF RECOMMENDATION:

Staff recommends the Commission allow Cline Butte Utility Company's (CBUC or Company) Advice No. 09-14 to go into effect May 30, 2009.

DISCUSSION:

The Commission adopted CBUC's current tariffs in Order No. 08-338 (UW 127). The Company later discovered that irrigation customers were unintentionally excluded from its Schedule No. 7, Cross Connection Control Program & Backflow Prevention Device Services Fees. CBUC offers the services in Schedule No. 7 to irrigation customers as well as to residential and commercial/industrial customers.

On April 30, 2009, CBUC filed Advice No. 09-14 to correct the language in Schedule No. 7. The filing is housekeeping in nature. CBUC filed a replacement sheet on May 4, 2009, requesting a May 30, 2009, effective date. Because the requested effective date is less than 30 days from the tariff filing date, CBUC also filed the required LSN Form.

PROPOSED COMMISSION MOTION:

Pursuant to ORS 757.205 and ORS 757.225, Advice No. 09-14 be approved with an effective date of May 30, 2009.
