RURAL COMMUNITY ASSISTANCE CORPORATION (RCAC)

<http://www.rcac.org/doc.aspx?233>

RCAC IN OREGON

Grants and contracts with state and federal agencies allow RCAC environmental staff members to focus on communities with the greatest need. RCAC technical assistance is available at no fee to selected communities based on agency funding and regulatory requirements. Communities generally must be rural organizations with a population below 3,300. RCAC technical assistance is limited to available resources within Oregon state. As projects are completed, new communities may be added. Communities are encouraged to contact [Oregon Technical Assistance staff members](#) to discuss their needs and to determine if RCAC can serve them.
