RULE SUMMARY

This new chapter of rules provides a legal structure for licensees and registrants of the Board, and public health officials when there is a public health emergency that requires extraordinary measures to protect public health. The rules provide for a storage and distribution system for medications received in Oregon from the Strategic National Stockpile as well as for emergency immunization procedures. The rules also provide for emergency dispensing when patients do not have access to their prescribing physician. The rules give a framework for licensees from other states to work in Oregon under their existing license as authorized in the Emergency Management Assistance Compact and the Pacific Northwest Emergency Management Arrangement ratified in Chapter 25 Oregon Laws 2008.
