RE: IUOE 701 Request of Revision – Power Equipment Operator – September 2, 2015

To Whom This May Concern:

Please accept this letter on behalf of the Tice Electric Company in that we are in opposition of the definition change requested by the IUOE 701. Based on past practices and traditional understandings we see conflicts with the definition in 24. Line Constructor and the proposed change to 31. Power Equipment Operator.

Our company is an Electrical Power Line Contractor working in the State of Oregon and we employ IBEW employees working throughout Oregon.

Respectfully,

A handwritten signature in blue ink that reads "Mike Podkranic".

Mike Podkranic

Vice President - Power Resources Division

Tice Electric Company
