Washington Park Community Center

The Oregon Council on Civil Rights is developing a statewide action plan to fight pay disparity and ultimately ensure equal pay for equal work throughout our state. They have researched pay equity models and laws from around the world and will be looking for your comments and feedback on several approaches which will help guide strong action in Oregon.

Visit www.oregon.gov/BOLI/CRD/pages/occr.aspx for summaries of the reviewed plans, including approaches used in the provinces of Quebec, Ontario, and nationally in Canada, Sweden and Switzerland, and visit <https://www.surveymonkey.com/s/EqualPay> for your opportunity to provide input online.
