Specific Project Work To Be Completed

We have a project to construct 1 and 1/2 miles of scenic wood fence along the Cline Falls Highway located adjacent to the Eagle Crest Resort. This fence would define (allow) public use from Eagle Crest Resort accessing numerous BLM trails within the Cline Buttes Special Recreation Area. The fence would be constructed using native juniper wood post and wire. The post would be dug using a dirt auger and the wire would be nailed to the post.

This project would employ approximately 6 to 8 youth, est. 150 hours each, 1100 hours total (20 days). The crew would work with more experienced Youth Corp members (hours not included).
