Specific Project Work To Be Completed

Yaquina Head Trail Work - The project site is located 3 miles north of Newport Oregon at Yaquina Head ONA in Lincoln County. Yaquina Head ONA is a busy recreational area and crews will need to be aware of the high visitor use. Visitors can witness a large amount of wildlife, see a historic lighthouse, visit pristine tide pools, or hike scenic coastal foothill trails.

The project calls for 2 weeks of a supervised youth crew between 6-10 members. The crew will clean and brush trails using a variety of hand tools. In addition will retread trails by hauling gravel up 1/2 mile and packing as needed. Tasks may also include grubbing weeds, clearing, excavating and constructing a retaining wall for improved trail features. The work will take place Monday through Friday for a total of two weeks (or total of eighty hours of work). Scheduling for the work to begin will be completed once a selection has been made; but will not start prior to July 15, 2013 and needs to be completed by September 15, 2013.

Experience in trail construction of non-motorized trails is preferred. The recipient is responsible for transportation to and from the job site.
