Specific Project Work To Be Completed

Bull Of The Woods Wilderness.

Trails include Bull of the woods trail #550, Dickey Creek Trail #553, Dickey Lake Trail 549 and Pansy Lake trail. Approximately 10 miles of trail will be maintained with emphasis going to the trails with the greatest amount of trail and recourse damage. Trail work will include brushing, deburming trail tread, cleaning water bars, installing water bars and check dams. Also the work may include turnpike repair and curb logs. The project would take 5 weeks.

Salmon Huckleberry Wilderness

Trails included Boulder Ridge #783A, Plaza, Plaza Lake, Bonanza #786. Approximately 5 miles of trail that is overgrown would be maintained. Work will include heavy brushing and reestablishing tread. 4 weeks

Mt Hood Wilderness

Trails include Burnt Lake #722, Cast Creek #773, and Zigzag MT 775. There will be approximately 10 miles of trail maintenance. Trail work will include brushing, deburming tread, turnpike repair, cleaning water bars and cribbing. 3 weeks

The program must provide an individual with extensive demonstrated experience in trail maintenance, chainsaw use, cross-cut saw use, crew supervision, trail structure replacement, and trail drainage work to work directly with the Forest Service as a liaison trail crew technical advisor for the work being completed

Youth must be able to hike 5 miles with full overnight packs and tools. Crews will spike out Monday thru Friday on trails and the program will supply the youth with sleeping equipment, cooking utensils and tools. Spike out camping locations available and will be coordinated with trail crew leader.

More trails work available if needed to fill out a crew assignment
