OREGON BOARD OF DENTISTRY

Dental Practice Act, Administrative Rules and Related Statutes

The first Act regulating the practice of dentistry was adopted by the Oregon Legislature on February 23, 1887. The Oregon Dental Practice Act is comprised of Oregon Revised Statutes, Chapters 679 (green pages), 680.010 to 680.210 and 680.990 (yellow pages). These statutes, enacted by the Oregon Legislature authorize the Board to regulate the practice of dentistry and dental hygiene. Administrative Rules of the Board are found in OAR 818-001-0000 through 818-042-0130 (white pages). Also included in this publication are other statutes that relate to regulating a health profession or other statutes that licensees of the Board should be aware of (blue pages). Because the statutes and rules are subject to revision, they are published in a format suitable for insertion in a three-ring binder.

This publication reflects the statutes and rules in effect as of the dates published on the cover. It is every licensee’s responsibility to be aware of the current laws and rules of their profession. Copies of the Dental Practice Act, Administrative Rules and related statutes are available from the Board at no cost, or may be accessed through the Board’s Web site.

A certified copy of the record of the disciplinary action is conclusive evidence of the disciplinary action.

(3) The proceedings under this section may be taken by the board from the matters within its knowledge or may be taken upon the information of another, but if the informant is a member of the board, the other members of the board shall constitute the board for the purpose of finding judgment of the accused.

(4) In determining what constitutes unacceptable patient care, the board may take into account all relevant factors and practices, including but not limited to the practices generally and currently followed and accepted by persons licensed to practice dentistry in this state, the current teachings at accredited dental schools, relevant technical reports published in recognized dental journals and the desirability of reasonable experimentation in the furtherance of the dental arts.

(7) If a license to practice dentistry in this state is suspended, the person holding the license may not practice during the term of suspension. Upon the expiration of the term of suspension, the license shall be reinstated by the board if the board finds, based upon evidence furnished by the person, that the person is competent to practice dentistry and has not practiced dentistry in this state during the term of suspension. (a) Proceed with any investigation of, or any action or disciplinary proceedings against, the dentist or dental hygienist; or
(b) Revise or render void an order suspending or revoking the license.

(12)(a) The board may continue with any proceeding or investigation for a period not to exceed four years from the date of the expiration, suspension, revocation or surrender of the license, or the resignation or retirement of the licensee; or
(b) If the board receives a complaint or initiates an investigation within that four-year period, the board's jurisdiction continues until the matter is concluded by a final order of the board following any appeal.

      (B) Is not in compliance with such an agreement.

(2) The Department of Justice by rule shall specify the conditions and terms of agreements, compliance with which precludes the suspension of the license, certificate, permit or registration. [1993 c.365 §3; 1995 c.620 §1; 1995 c.750 §8; 1997 c.704 §38; 1999 c.80 §12]

As used in ORS 25.750 to 25.783, “licenses, certificates, permits or registrations” includes, but is not limited, to, memberships in professional organizations that are required by state law in order to engage in a profession. [1995 c.620 §12]

25.759 Notice to persons subject to suspension; contents. Upon identification of a person subject to suspension under ORS 25.750 to 25.783, the administrator may issue a notice, sent by regular mail to both the address of record as shown in the records of the issuing entity and the address of record as shown on the administrator’s child support file. Such notice shall contain the following information:

[2009 c.209 §2]

   (b) That there is a mistake in the identity of the obligor;
   (c) That the person subject to the suspension has complied with the subpoena or other procedural order identified in subsection (3) of this section; or
   (d) That the person subject to the suspension is in compliance with a previous agreement as provided for by ORS 25.750 to 25.783.

(6) That the obligor may enter into an agreement, prescribed by rule by the Department of Justice, compliance with which shall preclude the suspension under ORS 25.750 to 25.783.

(7) That the obligor has 30 days from the date of the notice to contact the administrator in order to:
   (a) Contest the action in writing on a form prescribed by the administrator;
   (b) Comply with the subpoena or procedural order identified in subsection (3) of this section; or
   (c) Enter into an agreement authorized by ORS 25.750 and 25.762. The notice shall state that any agreement must be in writing and must be entered into within 30 days of making contact with the administrator.

The administrator shall determine whether suspension should occur. If the administrator determines that suspension should occur, the administrator shall make a written determination of such finding.

(2) The obligor may object to the determination described in subsection (1) of this section within 30 days after the date of the determination. Any hearing on the objection shall be conducted by an administrative law judge assigned from the Office of Administrative Hearings. Any suspension is stayed pending the decision of the administrative law judge. Any order of the administrative law judge that supports a suspension shall result in the notification to the issuing entity by the administrator to suspend the license, certificate, permit or registration forthwith.

(3) After receipt of notice to suspend from the administrator, no further administrative review or contested case proceeding within or by the issuing entity is required. [1993 c.365 §7; 1995 c.620 §5; 1999 c.80 §15; 1999 c.849 §§43,44; 2001 c.323 §§4,5; 2003 c.75 §26; 2005 c.560 §7]

25.771 Obligor holding more than one license, certificate, permit or registration. In the event that an obligor holds more than one license, certificate, permit or registration described in ORS 25.750, any determination regarding suspension of one license, certificate, permit or registration is sufficient to suspend any other license, certificate, permit or registration described in ORS 25.750. [1993 c.365 §9; 1995 c.620 §6]
25.774 Reinstatement. When, at any time after suspension under ORS 25.750 to 25.783, the conditions resulting in the suspension no longer exist, the administrator shall so notify the issuing entity and shall confirm that the license, certificate, permit or registration may be reinstated contingent upon the requirements of the issuing entity. Until the issuing entity receives notice under this section, the issuing entity may not reinstate, reissue, renew or otherwise make the license, certificate, permit or registration available to the holder of the suspended license, certificate, permit or registration. [1993 c.365 §10; 1995 c.620 §7; 1999 c.80 §16; 2001 c.323 §6]

25.777 Reimbursing issuing entities for costs incurred. The Department of Justice shall enter into agreements to reimburse issuing entities for their costs of compliance with ORS 25.750 to 25.783 to the extent that those costs are eligible for Federal Financial Participation under Title IV-D of the Social Security Act. [1993 c.365 §11; 1995 c.620 §8; 2001 c.323 §7]

25.780 Other licenses, certificates, permits and registrations subject to suspension. In addition to any other grounds for suspension provided by law:

The certification must include the information specified in ORS 25.750 (1).

(2) The Department of Transportation shall suspend without further hearing the driver license or driver permit of a person upon certification by the administrator that the person is subject to an order suspending the license, certificate, permit or registration. The certification must include the information specified in ORS 25.750 (1). [1993 c.365 §13; 1995 c.620 §9; 1995 c.750 §5; 1999 c.80 §17; 2001 c.323 §8]

Any entity described in ORS 25.756 that receives an inquiry as to the status of a person who has had a license, certificate, permit or registration suspended under ORS 25.750 to 25.783 shall respond only that the license, certificate, permit or registration was suspended pursuant to ORS 25.750 to 25.783. The entity shall not release or make other use of information that it receives pursuant to ORS 25.750 to 25.783. [1993 c.365 §14; 1995 c.620 §10]

(2) A state agency, board or commission described in subsection (1) of this section may accept a written statement from an individual who has not been issued a Social Security number by the United States Social Security Administration to fulfill the requirement in subsection (1) of this section.

(3) An individual may not submit to a state agency, board or commission a written statement described in subsection (2) of this section knowing the statement to be false. [1997 c.746 §117; 1999 c.80 §93; 2003 c.610 §1; 2005 c.22 §17]

Note: 25.785 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 25 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

305.385 Agencies to supply licensee and contractor lists; contents; effect of department determination on taxpayer status of licensee or contractor; rules. (1) Upon request of the Department of Revenue, an agency issuing or renewing a license to conduct a business, trade or profession shall annually, on or before March 1, supply the department with a list of specified licenses issued or renewed by the agency during the preceding calendar year.

(2) Upon request of the department, an agency shall annually, on or before March 1, supply the department with a list of specified persons contracting with the agency to provide goods, services or real estate space to the agency during the preceding calendar year.

(3) The lists required by subsections (1) and (2) of this section shall contain the name, address, Social Security or federal employer identification number of each licensee or provider or such other information as the department may by rule require.

(4)(a) If the department determines that any licensee or provider has neglected or refused to file any return or to pay any tax and that such person has not filed in good faith a petition before the department contesting the tax, and the department has been unable to obtain payment of the tax through other methods of collection, the Director of the Department of Revenue may, notwithstanding ORS 118.525, 314.835 or 314.840 or any similar provision of law, notify the agency and the person in writing.

(b) Upon receipt of such notice, the agency shall refuse to reissue, renew or extend any license, contract or agreement until the agency receives a certificate issued by the department that the person is in good standing with respect to any returns due and taxes payable to the department as of the date of the certificate.

(c) Upon the written request of the director and after a hearing and notice to the licensee as required under any applicable provision of law, the agency shall suspend the person’s license if the agency finds that the returns and taxes have not been filed or paid and that the licensee has not filed in good faith a petition before the department contesting the tax and the department has been unable to obtain payment of the tax through other methods of collection. For the purpose of the agency’s findings, the written representation to that effect by the department to the agency shall constitute prima facie evidence of the person’s failure to file returns or pay the tax. The department shall have the right to intervene in any license suspension proceeding.

(d) Any license suspended under this subsection shall not be reissued or renewed until the agency receives a certificate issued by the department that the licensee is in good standing with respect to any returns due and taxes payable to the department as of the date of the certificate.

(5) The department may enter into an installment payment agreement with a licensee or provider with respect to any unpaid tax, penalty and interest. The agreement shall provide for interest on the outstanding amount at the rate prescribed by ORS 305.220. The department may issue a provisional certificate of good standing pursuant to subsection (4)(b) and (d) of this section which shall remain in effect so long as the licensee or provider fully complies with the terms of the installment agreement. Failure by the licensee or provider to fully comply with the terms of the installment agreement shall render the agreement and the provisional certificate of good standing null and void, unless the department determines that the failure was due to reasonable cause. If the department determines that the failure was not due to reasonable cause, the total amount of the tax, penalty and interest shall be immediately due and payable, and the department shall notify any affected agency that the licensee or provider is not in good standing. The
agency shall then take appropriate action under subsection (4)(b) and (d) of this section.

(6) No contract or other agreement for the purpose of providing goods, services or real estate space to any agency shall be entered into, renewed or extended with any person, unless the person certifies in writing, under penalty of perjury, that the person is, to the best of the person’s knowledge, not in violation of any tax laws described in ORS 305.380 (4).

(7) The certification under subsection (6) of this section shall be required for each contract and renewal or extension of a contract or may be provided on an annual basis. A certification shall not be required for a contract if the consideration for the goods, services or real estate space provided under the contract is no more than $1,000.

(8)(a) The requirements of the certification under subsection (6) of this section shall be subject to the rules adopted by the department in accordance with this section.

(b) The department may by rule exempt certain contracts from the requirements of subsection (6) of this section. [1987 c.843 §7; 1989 c.656 §1; 1997 c.99 §36]

Confidentiality and Inadmissibility of Mediation Communications

(1) The words and phrases used in this rule have the same meaning as given to them in ORS 36.110 and 36.234.

(2) Nothing in this rule affects any confidentiality created by other law. Nothing in this rule relieves a public body from complying with the Public Meetings Law, ORS 192.610 to 192.690. Whether or not they are confidential under this or other rules of the agency, mediation communications are exempt from disclosure under the Public Records Law to the extent provided in ORS 192.410 to 192.505.

(3) This rule applies only to mediations in which the agency is a party or is mediating a dispute as to which the agency has regulatory authority. This rule does not apply when the agency is acting as the "mediator" in a matter in which the agency also is a party as defined in ORS 36.234.

(4) To the extent mediation communications would otherwise be compromised negotiations under ORS 40.190 (OEC Rule 408), those mediation communications are not admissible as provided in ORS 40.190 (OEC Rule 408), notwithstanding any provisions to the contrary in section (9) of this rule.

(5) Mediations Excluded. Sections (6)-(10) of this rule do not apply to:

(a) Mediation of workplace interpersonal disputes involving the interpersonal relationships between this agency's employees, officials or employees and officials, unless a formal grievance under a labor contract, a tort claim notice or a lawsuit has been filed; or

(b) Mediation in which the person acting as the mediator will also act as the hearings officer in a contested case involving some or all of the same matters;

(c) Mediation in which the only parties are public bodies;

(d) Mediation involving two or more public bodies and a private party if the laws, rule or policies governing mediation confidentiality for at least one of the public bodies provide that mediation communications in the mediation are not confidential; or

(e) Mediation involving 15 or more parties if the agency has designated that another mediation confidentiality rule adopted by the agency may apply to that mediation.

(6) Disclosures by Mediator. A mediator may not disclose or be compelled to disclose mediation communications in a mediation and, if disclosed, such communications may not be introduced into evidence in any subsequent administrative, judicial or arbitration proceeding unless:

(a) All the parties to the mediation and the mediator agree in writing to the disclosure; or

(b) The mediation communication may be disclosed or introduced into evidence in a subsequent proceeding as provided in subsections (c)-(d), (j)-(l) or (o)-(p) of section (9) of this rule.

(7) Confidentiality and Inadmissibility of Mediation Communications. Except as provided in sections (8)-(9) of this rule, mediation communications are confidential and may not be disclosed to any other person, are not admissible in any subsequent administrative, judicial or arbitration proceeding and may not be disclosed during testimony in, or during any discovery conducted as part of a subsequent proceeding, or introduced as evidence by the parties or the mediator in any subsequent proceeding.

(8) Written Agreement. Section (7) of this rule does not apply to a mediation unless the parties to the mediation agree in writing, as provided in this section, that the mediation communications in the mediation will be confidential and/or nondisclosable and inadmissible. If the mediator is the employee of and acting on behalf of a state agency, the mediator or an authorized agency representative must also sign the agreement. The parties' agreement to participate in a confidential mediation must be in substantially the following form. This form may be used separately or incorporated into an "agreement to mediate." [Form not included. See ED. NOTE.]

(9) Exceptions to confidentiality and inadmissibility:
(a) Any statements, memoranda, work products, documents and other materials, otherwise subject to discovery that were not prepared specifically for use in the mediation are not confidential and may be disclosed or introduced into evidence in a subsequent proceeding;

(b) Any mediation communications that are public records, as defined in ORS 192.410(4), and were not specifically prepared for use in the mediation are not confidential and may be disclosed or introduced into evidence in a subsequent proceeding unless the substance of the communication is confidential or privileged under state or federal law;

(c) A mediation communication is not confidential and may be disclosed by any person receiving the communication to the extent that person reasonably believes that disclosing the communication is necessary to prevent the commission of a crime that is likely to result in death or bodily injury to any person. A mediation communication is not confidential and may be disclosed in a subsequent proceeding to the extent its disclosure may further the investigation or prosecution of a felony crime involving physical violence to a person;

(d) Any mediation communication related to the conduct of a licensed professional that is made to or in the presence of a person who, as a condition of his or her professional license, is obligated to report such communication by law or court rule is not confidential and may be disclosed to the extent necessary to make such a report;

(e) The parties to the mediation may agree in writing that all or part of the mediation communications are not confidential or that all or part of the mediation communications may be disclosed and may be introduced into evidence in a subsequent proceeding unless the substance of the communication is confidential, privileged or otherwise prohibited from disclosure under state or federal law;

(f) A party to the mediation may disclose confidential mediation communications to a person if the party's communication with that person is privileged under ORS Chapter 40 or other provision of law. A party to the mediation may disclose confidential mediation communications to a person for the purpose of obtaining advice concerning the subject matter of the mediation, if all the parties agree;

(g) An employee of the agency may disclose confidential mediation communications to another agency employee so long as the disclosure is necessary to conduct authorized activities of the agency. An employee receiving a confidential mediation communication under this subsection is bound by the same confidentiality requirements as apply to the parties to the mediation;

(h) A written mediation communication may be disclosed or introduced as evidence in a subsequent proceeding at the discretion of the party who prepared the communication so long as the communication is not otherwise confidential under state or federal law and does not contain confidential information from the mediator or another party who does not agree to the disclosure;

(i) In any proceeding to enforce, modify or set aside a mediation agreement, a party to the mediation may disclose mediation communications and such communications may be introduced as evidence to the extent necessary to prosecute or defend the matter. At the request of a party, the court may seal any part of the record of the proceeding to prevent further disclosure of mediation communications or agreements to persons other than the parties to the agreement;

(j) In an action for damages or other relief between a party to the mediation and a mediator or mediation program, mediation communications are not confidential and may be disclosed and may be introduced as evidence to the extent necessary to prosecute or defend the matter. At the request of a party, the court may seal any part of the record of the proceeding to prevent further disclosure of the communication or agreements;

(k) When a mediation is conducted as part of the negotiation of a collective bargaining agreement, the following mediation communications are not confidential and such communications may be introduced into evidence in a subsequent administrative, judicial or arbitration proceeding:

(A) A request for mediation; or

(B) A communication from the Employment Relations Board Conciliation Service establishing the time and place of mediation; or

(C) A final offer submitted by the parties to the mediator pursuant to ORS 243.712; or

(D) A strike notice submitted to the Employment Relations Board.

(l) To the extent a mediation communication contains information the substance of which is
required to be disclosed by Oregon statute, other than ORS 192.410 to 192.505, that portion of the communication may be disclosed as required by statute;

(m) Written mediation communications prepared by or for the agency or its attorney are not confidential and may be disclosed and may be introduced as evidence in any subsequent administrative, judicial or arbitration proceeding to the extent the communication does not contain confidential information from the mediator or another party, except for those written mediation communications that are:

(A) Attorney-client privileged communications so long as they have been disclosed to no one other than the mediator in the course of the mediation or to persons as to whom disclosure of the communication would not waive the privilege; or

(B) Attorney work product prepared in anticipation of litigation or for trial; or

(C) Prepared exclusively for the mediator or in a caucus session and not given to another party in the mediation other than a state agency; or

(D) Prepared in response to the written request of the mediator for specific documents or information and given to another party in the mediation; or

(E) Settlement concepts or proposals, shared with the mediator or other parties.

(n) A mediation communication made to the agency may be disclosed and may be admitted into evidence to the extent the Board determines that disclosure of the communication is necessary to prevent or mitigate a serious danger to the public's health or safety, and the communication is not otherwise confidential or privileged under state or federal law;

(o) The terms of any mediation agreement are not confidential and may be introduced as evidence in a subsequent proceeding, except to the extent the terms of the agreement are exempt from disclosure under ORS 192.410 to 192.505, a court has ordered the terms to be confidential under ORS 30.402 or state or federal law requires the terms to be confidential;

(p) The mediator may report the disposition of a mediation to the agency at the conclusion of the mediation and the mediator a copy of this rule or a citation to the rule and an explanation of where a copy of the rule may be obtained. Violation of this provision does not waive confidentiality or inadmissibility.

818-005-0025
Final Fitness Determination

(1) If the Board elects to conduct a criminal records check, the Board shall make a fitness determination about an employee applicant/employee based on information
provided by the employee applicant/employee under OAR 818-005-0005, the criminal records check(s) conducted, and any materially false statements made by the employee applicant/employee.

(2) In making a fitness determination about an employee applicant/employee, the Board shall also consider the factors in subsections (a), (b), and (c) below in relation to information provided by the employee applicant/employee under OAR 818-005-0015, any LEDS report or criminal offender information obtained through a criminal records check, and other information known by the Board. To assist in considering these factors, the Board may obtain any other information deemed relevant, from the employee applicant/employee or any other credible source, including law enforcement and criminal justice agencies or courts within or outside of Oregon. To acquire other criminal offender information from the employee applicant/employee, the Board may request to meet with the employee applicant/employee and may request to receive written materials or authorization to obtain other relevant information, from employee applicant/employee. The employee applicant/employee shall meet with the Board when requested and provide additional information or authorization within a reasonable period of time, as arranged with the Board. The Board’s final fitness determination regarding an employee applicant/employee will include considerations of:

(a) Potentially disqualifying crimes or conditions and any mitigating circumstances including, but not limited to:

   (A) False Statement. Any materially false statements made by the employee applicant/employee to the Board;
   
   (B) Sex Offender. The employee applicant/employee is registered, or is required to register, as a sex offender in Oregon or any other jurisdiction;
   
   (C) Warrants. An outstanding warrant against the employee applicant/employee for any crime in any jurisdiction;
   
   (D) Deferred Sentence, Diversion Program, Parole or Probation. The employee applicant/employee has a deferred sentence, conditional discharge, is participating in a diversion program, or has not completed a required diversion program or any condition of post-prison supervision, parole or probation, for any potentially disqualifying crime;
   
   (E) Parole or Probation Violation. A post-prison supervision, parole or probation violation for any potentially disqualifying crime; or
   
   (F) Unresolved Arrests, Charges or Indictments. An unresolved arrest, charge, or a pending indictment, for a potentially disqualifying crime.

(b) Evaluating any potentially disqualifying crime or condition identified in this subsection (a), the department shall consider:

   (A) The nature of the crime;
   
   (B) The facts that support the conviction or pending indictment or that indicate the making of a false statement;
   
   (C) The relevancy, if any, of the crime or the false statement to the specific requirements of the employee applicant’s/employee’s present or proposed position, services, or employment.

   (c) Intervening circumstances, when applicable, relevant to the responsibilities of the employment or services, including, but not limited to:

   (A) The passage of time since the commission or alleged commission of a crime identified under subsection (a);
   
   (B) The age of the employee applicant/employee at the time of the commission or alleged commission of a crime identified under subsection (a);
   
   (C) The likelihood of a repetition of offenses or of the commission of another crime;
   
   (D) The subsequent commission of another crime;
   
   (E) Whether a conviction identified under subsection (a) has been set aside and the legal effect of setting aside the conviction; and
   
   (F) A recommendation of an employer.

(3) If an employee applicant/employee refuses to consent to a criminal records check, including fingerprint identification, the Board shall deny the employment of the employee applicant/employee or deny any applicable position or authority to provide services. A person may not appeal any determination made based on a refusal to consent.

(4) If an employee applicant/employee is denied as not fit, the subject individual may not
be employed by the Board, or provide services as a volunteer, contractor, or vendor.

(5) A final fitness determination is a final order of the Board unless the affected employee applicant/employee appeals by requesting either a contested case hearing as provided by OAR 818-005-0035.

(6) The Board shall inform the employee applicant/employee who has been determined not to be fit on the basis of a criminal records check, via courier, or registered or certified mail to the most current address provided by the employee applicant/employee, of such disqualification.

818-005-0030 Incomplete Fitness Determination

(1) The Board will close a fitness determination as incomplete when:
   (a) Circumstances change so that a person no longer meets the definition of an “employee applicant/employee” under OAR 818-005-0005;
   (b) The employee applicant/employee does not provide materials or information under OAR 818-015-0015(1)(a) within the time frames established under that rule;
   (c) The Board cannot locate or contact the employee applicant/employee;
   (d) The Board applicant/employee fails or refuses to cooperate with the Board’s attempts to acquire other relevant information under OAR 818-005-0015(1)(b);
   (e) The Board determines that the employee applicant/employee is not eligible or not qualified for the position for a reason unrelated to the fitness determination process; or
   (f) The position is no longer open.

(2) An employee applicant/employee does not have a right to a contested case hearing under OAR 818-005-0035(2).

818-005-0035 Contesting a Fitness Determination

(1) This rule sets forth a contested case hearing process by which a subject individual may appeal a fitness determination made under OAR 818-005-0025 that he or she is fit or not fit to be a Board employee, volunteer, contractor, or vendor.

(2) The Attorney General’s Model Rules of Procedure, OAR 137-003-0001 through 137-003-0092, apply unless the Board refers the matter to the Office of Administrative Hearings to assign an Administrative Law Judge. If the Board refers the matter to the Office of Administrative Hearings, 137-003-0501 through 137-003-0700 shall apply.

(3) Process.
   (a) To request a contested case hearing, the employee applicant/employee or the employee applicant/employee’s legal representative must submit a written request to the Executive Director of the Board. To be timely, the request must be received by the Executive Director of the Board within 21 business days of the postmark of the fitness determination notification letter.
   (b) A contested case hearing shall be conducted by an Administrative Law Judge appointed by the Office of Administrative Hearings once a timely request has been received by the Board as outlined in section (3)(a).

(4) The Administrative Law Judge will establish the time and place of the hearing. Notice of the hearing shall be served on the Board or designee and participants at least ten working days in advance of the hearing date.

(5) No Public Attendance. Contested case hearings on fitness determinations are closed to non-participants.

(6) A fitness determination made under OAR 818-005-0025 becomes final when:
   (a) A timely request for hearing is not filed; or
   (b) A party withdraws a hearing request, notifies the Board or the Administrative Law Judge that the party will not appear, or fails to appear for the hearing.

(7) The Administrative Law Judge will issue a proposed order following a hearing. Exceptions, if any, must be received by the
Board within 10 working days after the service of the proposed order.

(8) An employee applicant/employee currently employed by the Board who is denied as unfit pursuant to a final fitness determination may appeal the fitness determination either under the contested case process made available by this rule or through a process available under applicable personnel rules, policies and collective bargaining agreements. An employee applicant’s/employee’s decision to appeal a fitness determination through applicable personnel rules, policies, and collective bargaining agreements is an election of remedies as to the rights of the individual with respect to the fitness determination and is a waiver of the contested case process made available by this rule.

(9) The only remedy that may be awarded is a determination that the employee applicant/employee is fit or not fit. Under no circumstances shall the Board be required to place an employee applicant/employee in any position, nor shall the Board be required to accept services or enter into a contractual agreement with an employee applicant/employee.

(10) An employee applicant/employee may not use the appeals process established by this rule to challenge the accuracy or completeness of information provided by the Oregon State Police, the Federal Bureau of Investigation, or agencies reporting information to the Oregon State Police or the Federal Bureau of Investigation. To challenge the accuracy or completeness of information identified in this section (10), a employee applicant/employee may use any process made available by the agency that provided the information.

(11) Appealing a fitness determination, challenging criminal offender information with the agency that provided the information, or requesting a new criminal records check and re-evaluation of the original fitness determination will not delay or postpone the Board’s hiring process or employment decisions.

(12) Alternative Process. An employee currently employed by the Board may choose to appeal a fitness determination either under the process made available by this rule or through a process made available by applicable personnel rules, policies and collective bargaining provision. A subject individual’s decision to appeal a fitness determination through applicable personnel rules, policies and collective bargaining provisions is an election of remedies as to the rights of the individual with respect to the fitness determination and is a waiver of the contested case process made available by this rule.

(13) The only remedy that may be awarded is a determination that the employee is fit or not fit. Under no circumstances shall the Board be required to place an employee in any position, or shall the Board be required to accept services or enter into a contractual agreement with an employee.

DIVISION 26
ANESTHESIA

818-026-0000
Purpose
(1) These rules apply to the administration of substances that produce general anesthesia, deep sedation, moderate sedation, minimal sedation or nitrous oxide sedation in patients being treated by licensees. These regulations are not intended to prohibit training programs for licensees or to prevent persons from taking necessary action in case of an emergency.

(2) Nothing in this Division relieves a licensee from the standards imposed by ORS 679.140(1)(e) and 679.140(4).

818-026-0010
Definitions
As used in these rules:

(1) "Anesthesia Monitor" means a person trained in monitoring patients under sedation and capable of assisting with procedures, problems and emergency incidents that may occur as a result of the sedation or secondary to an unexpected medical complication.

(2) "Anxiolysis" means the diminution or elimination of anxiety.

(3) “General Anesthesia” means a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

(4) “Deep Sedation” means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.

(5) “Moderate Sedation” means a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained.

(6) “Minimal Sedation” means minimally depressed level of consciousness, produced by non-intravenous pharmacological methods, that retains the patient’s ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. When the intent is minimal sedation for adults, the appropriate initial dosing of a single non-intravenous pharmacological method is no more than the maximum recommended dose (MRD) of a drug that can be prescribed for unmonitored home use. Nitrous oxide/oxygen may be used in combination with a single non-intravenous pharmacological method in minimal sedation.

(7) “Nitrous Oxide Sedation” means an induced, controlled state of minimal sedation, produced solely by the inhalation of a combination of nitrous oxide and oxygen in which the patient retains the ability to independently and continuously maintain an airway and to respond purposefully to physical stimulation and to verbal command.

(8) “Maximum recommended dose” (MRD) means maximum Food and Drug Administration-recommended dose of a drug, as printed in Food and Drug Administration-Approved labeling for unmonitored dose.

818-026-0020
Presumption of Degree of Central Nervous System Depression
(1) In any hearing where a question exists as to the degree of central nervous system depression a licensee has induced (i.e., general anesthesia, deep sedation, moderate sedation, minimal sedation or nitrous oxide sedation), the Board may base its findings on, among other things, the types, dosages and routes of administration of drugs administered to the patient and what result can reasonably be expected from those drugs in those dosages and routes administered in a patient of that physical and psychological status.
(2) The following drugs are conclusively presumed to produce general anesthesia and may only be used by a licensee holding a General Anesthesia Permit:

(a) Ultra short acting barbiturates including, but not limited to, sodium methohexitol, thiopental, thiamylal;
(b) Alkylphenols -- propofol (Diprivan) including precursors or derivatives;
(c) Neuroleptic agents;
(d) Dissociative agents -- ketamine;
(e) Etomidate;
(f) Rapidly acting steroid preparations; and
(g) Volatile inhalational agents.
(3) No permit holder shall have more than one person under any form of sedation or general anesthesia at the same time exclusive of recovery.
(4) A licensee that does not hold a Moderate, Deep Sedation or General Anesthesia Permit may not administer, for purpose of anxiolysis or sedation, Benzodiazepines or narcotics in children under 6 years of age.

Requirement for Anesthesia Permit, Standards and Qualifications of an Anesthesia Monitor

(1) A permit holder who administers sedation shall assure that drugs, drug dosages, and/or techniques used to produce sedation shall carry a margin of safety wide enough to prevent unintended deeper levels of sedation.
(2) No licensee shall induce central nervous system sedation or general anesthesia without first having obtained a permit under these rules for the level of anesthesia being induced.
(3) A licensee may be granted a permit to administer sedation or general anesthesia with documentation of training/education and/or competency in the permit category for which the licensee is applying by any one the following:

(a) Initial training/education in the permit category for which the applicant is applying shall be completed no more than two years immediately prior to application for sedation or general anesthesia permit; or
(b) If greater than two years but less than five years since completion of initial training/education, an applicant must document completion of all continuing education that would have been required for that anesthesia/permit category during that five year period following initial training; or
(c) If greater than two years but less than five years since completion of initial training/education, immediately prior to application for sedation or general anesthesia permit, current competency or experience must be documented by completion of a comprehensive review course approved by the Board in the permit category to which the applicant is applying and must consist of at least one-half (50%) of the hours required by rule for Nitrous Oxide, Minimal Sedation, Moderate Sedation and General Anesthesia Permits. Deep Sedation and General Anesthesia Permits will require at least 120 hours of general anesthesia training.
(d) An applicant for sedation or general anesthesia permit whose completion of initial training/education is greater than five years immediately prior to application, may be granted a sedation or general anesthesia permit by submitting documentation of the requested permit level from another state or jurisdiction where the applicant is also licensed to practice dentistry or dental hygiene, and provides documentation of the completion of at least 25 cases in the requested level of sedation or general anesthesia in the 12 months immediately preceding application; or
(e) Demonstration of current competency to the satisfaction of the Board that the applicant possesses adequate sedation or general anesthesia skill to safely deliver sedation or general anesthesia services to the public.
(4) Persons serving as anesthesia monitors in a dental office shall maintain current certification in Health Care Provider Basic Life Support (BLS)/Cardio Pulmonary Resuscitation (CPR) training, or its equivalent, shall be trained in monitoring patient vital signs, and be competent in the use of monitoring and emergency equipment appropriate for the level of sedation utilized. (The term "competent" as used in these rules means displaying special skill or knowledge derived from training and experience.)
(5) A licensee holding an anesthesia permit shall at all times hold a current Health Care Provider BLS/CPR level certificate or its equivalent, or a current Advanced Cardiac Life Support (ACLS) Certificate or Pediatric Advanced Life Support (PALS) Certificate, whichever is appropriate for the patient being sedated.
(6) When a dentist utilizes a single dose oral agent to achieve anxiolysis only, no anesthesia permit is required.
(7) The applicant for an anesthesia permit must pay the appropriate permit fee, submit a completed Board-approved application and consent to an office evaluation.

(8) Permits shall be issued to coincide with the applicant's licensing period.

(i) Enteral Moderate Sedation requires a minimum of 24 hours of instruction plus management of at least 10 dental patient experiences by the enteral and/or enteral-nitrous oxide/oxygen route.

(ii) Parenteral Moderate Sedation requires a minimum of 60 hours of instruction plus management of at least 20 dental patients by the intravenous route.

(B) Completion of an ADA accredited postdoctoral training program (e.g., general practice residency) which affords comprehensive and appropriate training necessary to administer and manage parenteral sedation, commensurate with these Guidelines.

(C) In lieu of these requirements, the Board may accept equivalent training or experience in moderate sedation anesthesia.

(2) The following facilities, equipment and drugs shall be on site and available for immediate use during the procedures and during recovery:

(a) An operating room large enough to adequately accommodate the patient on an operating table or in an operating chair and to allow a operating team of at least two individuals to freely move about the patient;

(b) An operating table or chair which permits the patient to be positioned so the operating team can maintain the patient's airway, quickly alter the patient's position in an emergency, and provide a firm platform for the administration of basic life support;

(c) A lighting system which permits evaluation of the patient's skin and mucosal color and a backup lighting system of sufficient intensity to permit completion of any operation underway in the event of a general power failure;

(d) Suction equipment which permits aspiration of the oral and pharyngeal cavities and a backup suction device which will function in the event of a general power failure;

(e) An oxygen delivery system with adequate full face mask and appropriate connectors that is capable of delivering high flow oxygen to the patient under positive pressure, together with an adequate backup system;

6) A patient under moderate sedation shall be visually monitored at all times, including the recovery phase. The dentist or anesthesia monitor shall monitor and record the patient’s condition.

7) The patient shall be monitored as follows:
   (a) Patients must have continuous monitoring using pulse oximetry and End-tidal CO2 monitors. The patient’s blood pressure, heart rate, and respiration shall be recorded at regular intervals but at least every 15 minutes, and these recordings shall be documented in the patient record. The record must also include documentation of preoperative and postoperative vital signs, all medications administered with dosages, time intervals and route of administration. If this information cannot be obtained, the reasons shall be documented in the patient's record. A patient under moderate sedation shall be continuously monitored;

(2) A dentist who does not hold a Nitrous Oxide Permit for nitrous oxide sedation may perform dental procedures on a patient who receives nitrous oxide induced by an Oregon licensed dental hygienist holding a Nitrous Oxide Permit.

(3) A dentist who performs dental procedures on a patient who receives anesthesia induced by a physician anesthesiologist, another dentist holding an anesthesia permit, a CRNA, or a dental hygienist who induces nitrous oxide sedation, shall hold a current and valid Health Care Provider Basic Life Support level certification, or equivalent, and have the same personnel, facilities, equipment, drugs and records available during the procedure and during recovery as required of a dentist who has a permit for the level of anesthesia being provided.

(4) The qualified anesthesia provider who induces anesthesia shall monitor the patient's condition until the patient is discharged and record the patient's condition at discharge in the patient's dental record as required by the rules applicable to the level of anesthesia being induced. The anesthesia record shall be maintained in the patient's dental record and is the responsibility of the dentist who is performing the dental procedures.

(5) A dentist who intends to use the services of a qualified anesthesia provider as described in section 1 above, shall notify the Board in writing of his/her intent. Such notification need only be submitted once every licensing period.

Office Evaluations

(1) By obtaining an anesthesia permit or by using the services of a physician anesthesiologist, CRNA, an Oregon licensed dental hygienist or another dentist to administer anesthesia, a licensee consents to in-office evaluations by the Oregon Board of Dentistry, to assess competence in central nervous system anesthesia and to determine compliance with rules of the Board.

(2) The in-office evaluation shall include:

   (a) A permit holder who has the same type of license as the licensee to be evaluated and who holds a current anesthesia permit in the same class or in a higher class than that held by the licensee being evaluated,

   (b) A member of the Board's Anesthesia Committee; and

   (c) Any licensed dentist, deemed appropriate by the Board President, may serve as team leader and shall be responsible for organizing and conducting the evaluation and reporting to the Board.

(4) The Board shall give written notice of its intent to conduct an office evaluation to the licensee to be evaluated. Licensee shall cooperate with the evaluation team leader in scheduling the evaluation which shall be held no sooner than 30 days after the date of the notice or later than 90 days after the date of the notice.
