EXECUTIVE DIRECTOR'S REPORT

Budget Status Report

Mr. Braatz included the budget reports for the 2005-2007 Biennium. He stated that the reports show revenue of \$445,450.99 and expenditures of \$464,323.61. He stated that although these figures appear to show that the OBD has not taken in sufficient revenues to cover expenses, this is not true as a major source of revenue for the OBD is dental license renewals. The first renewal for this Biennium did not take place until January 13, 2006, so this report only reflects about two weeks of revenue from the renewal cycle. The budget continues to perform as expected.

There will be an Oral Health Summit held on Friday, May 12, 2006 and the Statewide Oral Health Coalition will hold a business meeting on Saturday, May 13, 2006. Mr. Braatz stated that he hoped as many Board members would be in attendance as possible.

OBD Board Room Expansion Project

Mr. Braatz stated that the Department of Administrative Services approved our request to expand and remodel the OBD's existing space. He added that he had hoped the project would have been completed by this Board meeting but that deadline could not be met. Work is scheduled to be completed before May 5, 2006.

Customer Service Survey

Mr. Braatz stated that he included a chart which shows the OBD legislatively mandated customer service survey results from July 1, 2005 through February 28, 2006. The results show that the OBD continues to receive positive comments from the majority of those that return the surveys. Mr. Braatz stated that a booklet was available for review containing all written comments that were included on the surveys and that Board members were welcome to see this information at any time.

CAFR Gold Star Award 2005

The State Controller's Office has once again issued the OBD a FY 2005 Gold Star Certificate signifying that the OBD has provided accurate and complete fiscal year end information in a timely manner. Mr. Braatz stated that the credit needed to go to Sharon Ingram, Executive Assistant, for all her hard work.

Oregon Dental Conference

Mr. Braatz stated that the OBD will once again have a display table at the Oregon Dental Conference which will be held Thursday, April 6 through Saturday, April 8 at the Oregon Convention Center. We have requested exhibit passes for all members of the Board and we hope that members will be able to spend some time at the display table to interact with participants.

Legislative Concepts

Mr. Braatz stated that at this time he was not aware of and has not prepared any Legislative Concepts to be submitted with the OBD 2007-2009 Agency Budget Request. If the Board has any items they would like to submit, we need to have them submitted to the Department of Administrative Services by April 1, 2006. Dr. McCully stated that he would like to see a

legislative concept developed sometime in the future for more appropriate compensation for Board members' time.

CORRESPONDENCE

The Board received a letter from Thomas F. Ryan, M.D.

Dr. Thomas Ryan, Director of the U of O Health Center, originally addressed the Board at their January 6, 2006 Board Meeting, regarding the legality of Digital Records being original patient records. The Board at that time sent the question to the Rules and Oversight Committee and to legal counsel for further review. After discussion of the findings and guidance from legal counsel, the Board directed Mr. Braatz to respond to Dr. Ryan as follows:

The Oregon Board of Dentistry will consider digital images of paper to be original. Offices that are completely digital (includes the digital taking of x-rays) will have their digital records, including x-rays, considered original. Offices that have original film x-rays that need to be scanned into systems will not be considered original; the original film must be kept due to diagnostic quality concerns.

The Board received a letter from Gordon B. Empey, D.M.D.

Dr. Empey has asked the Board for clarification on when and under what circumstances LAP Hygienists are allowed to diagnose the need for sealants. After much discussion and an Executive Session with legal counsel, Dr. McCully moved and Dr. Martin directed Board staff to send a letter to Dr. Empey stating that, under advice from our legal counsel and due to current statutes, hygienists cannot diagnose disease and therefore cannot diagnose the need for sealants in any situation. The motion passed with Dr. Nichols, Dr. McCully, Dr. Short, Dr. Martin, and Mr. Smyth voting aye. Ms. Potts and Ms. Mason were opposed.

The Board received a letter from J. Craig Baumeister, D.M.D.

The motion passed with Dr. Nichols, Dr. McCully, Ms. Potts, Dr. Short, Dr. Martin, Mr. Smyth and Ms. Mason voting aye.

The Board received a letter from Eugene A. Fankhauser, D.M.D.

Dr. Fankhauser has requested a one month extension of his CE course, past the March 31, 2006 deadline, due to extenuating circumstances. Dr. McCully moved and Dr. Nichols seconded that the Board grant a one month extension for his continuing education and in the letter to Dr. Fankhauser, emphasize the importance of volunteer dentists maintaining the same CE requirements as licensed dentists and also thanking Dr. Fankhauser for all his

volunteer efforts. The motion passed with Dr. Nichols, Dr. McCully, Ms. Potts, Dr. Short, Dr. Martin, Mr. Smyth and Ms. Mason voting aye.
