# Hazardous Waste Collection Options

## For Conditionally Exempt Hazardous Waste Generators

### Background

DEQ may sponsor collection events for conditionally exempt hazardous waste generators. When events are scheduled, we will post them on the DEQ website.

### Conditionally Exempt Generators

Conditionally exempt hazardous waste generators are businesses, agencies and organizations that produce 220 pounds or less of hazardous waste per month and 2.2 pounds or less of acutely hazardous waste per month. CEGs must also not accumulate more than 2,200 pounds of hazardous waste (2.2 pounds of acutely hazardous waste). Typical CEGs include auto repair shops, medical clinics, printing shops, commercial painters and local governments. Hazardous wastes commonly generated by CEGs include solvents, waste paint, waste pesticides, mercury, laboratory chemicals, fluorescent lamps and other wastes.

### CEG Waste Collection Options

#### Non-DEQ sponsored waste collection events

Several communities in Oregon sponsor their own hazardous waste collection events. For a list of these events, go to:

[www.deq.state.or.us/lq/sw/hhw/collection.htm](http://www.deq.state.or.us/lq/sw/hhw/collection.htm)

#### Fixed waste collection facilities

Household hazardous waste collection facilities that accept waste from CEGs are operated by the following:

##### Columbia County

503-397-7218

##### Deschutes County

541-317-3163

##### Hood River, Wasco, Sherman counties

541-506-2603

##### Lane County

541-682-4120
