

State of Oregon Department of Environmental Quality
Affirmative Certification

Contact: [Regional Project Officer](#)
503-229-LOAN

The Clean Water State Revolving Fund loan recipient submits this affirmative certification statement to the DEQ project officer as required by DEQ's plan approval letter, but not to exceed 12 months from initiation of operations, or after the loan recipient implements corrective action report recommendations, if applicable.

I. As required under *Oregon Administrative Rules Division 54*, Clean Water State Revolving Fund Program and loan conditions included in CWSRF Loan No. _____, (loan recipient name) _____, hereinafter referred to as the "loan recipient," does hereby certify that it is able to comply with *OAR 340-054-0060*, in that it has:

(a) Provided to the Oregon Department of Environmental Quality, at the appropriate regional office, written notification of the actual date of initiation of operation. This date of initiation was on the ____ day of _____, 20__.

(b) Utilized the services of _____, the project's prime engineer, who:

- Supervised project construction; and/or
- Provided architectural and engineering services during construction.

(c) For the period required by DEQ's plan approval letter, but not to exceed twelve (12) months following the initiation of operation, the prime engineer provided the following services, as applicable:

- (1) Directed project operation and maintenance;
- (2) Trained operating personnel, prepared the required curricula and training material, and revised the operation and maintenance manual(s); and
- (3) Advised the loan recipient on the status of the project meeting performance standards.

II. The loan recipient, having access to and control of all the necessary data, and having monitored the construction of this project, hereby certifies, in accordance with OAR-340-54-0060, that the project built

under this loan meets the performance and operational requirements applicable to the project and the specifications which the project was planned, designed and built to achieve and which have been approved in writing by the Oregon Department of Environmental Quality.
