Manhole Test Record

Contact: Regional Project Officer

503-229-LOAN

CWSRF Loan Number _____

Manhole test data is recorded using this form. The loan recipient submits manhole test record logs to the DEQ project officer with the as-built drawings.

- 1. All adjacent surface restoration, including finish paving and final adjustment to grade, will be completed before conducting a sanitary manhole acceptance test, or MH test shall be considered information and will not count for acceptance.
- 2. Vacuum tests will be conducted in accordance with the 1990 Oregon APWA standard specifications for sanitary sewer construction, section 306.3.03B, vacuum testing.
- 3. Hydrostatic tests will be conducted in accordance with the 1990 Oregon APWA standard specifications for sanitary sewer construction, section 306.3.03. Manholes shall be filled to a mark on the iron frame at the start of testing, or to the rim of the frame. Tests shall be run for a minimum of 60 minutes.
