Hi Anita,

Yes, given the timing of the Title V permit application deadline we will revise the due date for my request below (made on May 4, 2023) to **May 26, 2023**.

Please reach out to me before the new due date if your team has any questions about the request.

Sincerely,

Julia DeGagné (she/her)
Air Toxics Project Manager
Oregon Department of Environmental Quality

Subject: RE: Hollingsworth & Vose Fiber Company - CAO 3/1/2023 Request Response

Julia,

Thank you for your timely review of our waste bag emission calculations. We understand the request and will be pulling information together to respond. As I believe Leslie Riley explained, we are in the final stages of preparing our Title V permit application, which is due by May 22. As a result, facility staff and our consultants are working very hard to get that completed on time. If it is possible we'd like to request a two week extension to May 26, in order to submit the information you requested. Please let us know if this would be acceptable.

Thank you,

Anita
