## Proposed Certificate of Completion for Moraine Industries LLC at Northwest Aluminum – Tax Lot 200

**Comments due:** 5 p.m., Monday, Oct. 2, 2017

**Project location:** 2650, 2652 and 2625 River Road, The Dalles

**Proposal:** In accordance with ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310, DEQ is preparing to certify that all actions required have been satisfactorily completed. This project has resulted in environmental benefits and readied the site for redevelopment, with any resulting economic benefits.

**Highlights:** In August 2015 Moraine Industries LLC entered a Prospective Purchaser Agreement Consent Judgment with DEQ and agreed to complete a Scope of Work on the subject property, including expanding an existing gravel cap, recording an Easement and Equitable Servitudes with Wasco County, controlling access to the site, and adhering to a contaminated media management plan that was prepared for the site.

DEQ reviewed the requirements of the PPA and the corresponding actions, and has made a preliminary determination that all obligations of the PPA have been satisfactorily performed and that a Certification of Completion should be issued.

DEQ created the prospective purchaser agreement program in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchaser agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The Certification of Completion confirms Moraine Industries' release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The consent judgment and certification of completion also provide Moraine Industries with third party liability protection.
