

2017 ODOE SOLAR TAX CREDIT TECHNICIANS

This list includes Oregon Department of Energy approved solar tax credit technicians in Oregon. ODOE provides this list to assist Oregon taxpayers in obtaining a Residential Energy Tax Credit. Approved technicians must participate in conference call updates, submit an agreement form, complete four hours of continuing education, and verify a minimum of two tax credit-certified installations each year to maintain his or her technician status. Oregon residents must have a tax credit technician verify solar equipment to obtain a Residential Energy Tax Credit. Technicians will assist with the paperwork necessary to apply for the tax credit. Technicians who wish to become ODOE tax credit solar technicians should contact the Oregon Department of Energy: AskRETC@oregon.gov; toll-free 1-800-221-8035 or (503) 378-4040. ODOE does not make any warranty, expressed or implied, concerning the construction, operation, installation, or any other characteristic or features of systems.

As of December 15, 2017

City	Company Name	Technician Name	Third Party Leasing	Review Homeowner Installed	Technology	Phone Number	Email Address
