Dear Ms. Esterson:

Perennial Power Holdings, Inc (PPH) is providing formal notice of PPH's intent to terminate the site certificate for the Perennial Wind Chaser Station.

Based on OAR 345-027-0110 PPH will be submitting a proposed final retirement plan that will include:

- (a) A plan for retirement that provides for completion of retirement without significant delay and that protects public health, safety and the environment;
- (b) A description of actions the certificate holder proposes to take to restore the site to a useful, non-hazardous condition, including information on how impacts to fish, wildlife and the environment would be minimized during the retirement process;
- (c) A current detailed cost estimate and a plan for ensuring the availability of adequate funds for completion of retirement; and
- (d) An updated list of property owners, as described in OAR 345-021-0010(1)(f).

Perennial is currently gathering the required information and intends to submit a completed termination notice in the very near future.

Please contact me directly if you have any questions.

Sincerely,

JJ Jamieson

Vice President, Operations and Development
